To be completed by the advisor when an Eight-Semester Plan is accepted by the student:

If applicable, has student selected a minor? No Yes (Specify) _____

Notes

¹ The Mathematics Department recommends that students complete their general education in mathematics requirement as early as possible.

² See appropriate choices, alternatives, or substitutions under “General Education Program” in the Undergraduate Bulletin.

³ Students with no previous experience with a foreign language may need to enroll in up to six hours of lower-level instruction to prepare for this requirement. These courses are not included in this plan of study. Please note that such need voids the guaranteed Eight-Semester Plan.

⁴ Students are required a minimum of 4 hours (one at each level plus one (Upper Division suggested), but they can choose one more each semester up to 6 hours.

⁵ This Program Completion Plan includes 24 credit hours in the Minor field of study. Minor requirements range from 18 to 27 credit hours; the student will need to adjust the number of general elective and minor elective credit hours in this PCP as needed depending upon the chosen minor field of study.

⁶ A total of 9 are required for electives: MCOM 2301, 2305, 3300, 3302, 3307, 3308, 3322, 3363, 3373, 3391/4391, 4313, 4323, 4331.
