SIGNED – COLLEGE DEAN

DATE

To be completed by the advisor when an Eight-Semester Plan is accepted by the student:							
If applicable, has student selected a minor?	No 🗌	Yes [ (Specify)					
Notes							

<sup>&</sup>lt;sup>1</sup> Prerequisites for MATH 1591 include: MATH 1390, 1392, or 1580.

<sup>&</sup>lt;sup>2</sup> BS Economics majors may not minor in the College of Business. This program presumes a minor of 18 credit hours. Minor requirements range from 18-27 credit hours, so students will need to adapt the number of general elective and minor elective credit hours in this plan as needed, depending upon the chosen field. Given a student's choice of minor and special degree requirements, the total number of credit hours taken may exceed the total number of credit hours required to complete the program.

<sup>&</sup>lt;sup>3</sup> The 12 required hours of upper division Economics electives may include FINA 4332, 4333, or 3340 as well as any 3000 or 4000 level economics course not used to meet other degree requirements.

<sup>&</sup>lt;sup>4</sup> No more than 30 hours may be in FINA, INSU, MGMT, MIS, and MKTG.
