To be completed by the advisor when an Eight-Semester Plan is accepted by the student:

If applicable, has student selected a minor? Type “x” as appropriate. _____ No _____ Yes

If “yes,” specify: _____

Notes

¹ See appropriate choices, alternatives, or substitutions under “UCA Core” in the *Undergraduate Bulletin*. Prior to completion of 30 semester hours, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living. The student will also need to complete major, minor, or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core.

² This Program Completion Plan includes 24 credit hours in the Minor field of study. Minor requirements range from 15 to 31 credit hours. Depending on the minor selected, the student will need to adjust the number of general elective and minor elective credit hours in this PCP. Due to an overlap of programs, the minor cannot be in Biology, Chemistry, Physics, or Physical Science.

³ Major Elective, Minor Elective, and General Elective courses must be completed so that a minimum of 40 hours of credit are earned at the 3000 level or above.

⁴ The number of General Elective credit hours necessary in the final semester will depend on the Chemistry course taken during Semester 3. The total number of credit hours required for this degree is 120.
