#### Notes

<sup>1</sup> This Academic Map (AMAP) includes 18 credits in a minor field of study. Minor requirements range from 15 to 27 credit hours. Students will need to adapt the number of general elective and minor course credit hours in this plan as needed, depending upon the chosen minor. Given a student's choice of minor and special degree requirements, the total number of credit hours taken may exceed the total number of credit hours required to complete the degree.

<sup>2</sup> Piano III and IV are degree requirements but many students need to take Piano I and/or Piano II prior to III and IV. Testing for piano placement is done immediately before the beginning of classes in the Fall semester of the first year of study.

<sup>3</sup> During the course of the degree program, it is expected that students will take an appropriate mix of small conducted ensembles in addition to the required large ensemble each semester, as assigned by the major professor and the advisor.

<sup>4</sup> Required before taking the PRAXIS I exam. This exam is recommended if the student anticipates teaching in public schools in the future.

<sup>5</sup> See appropriate choices, alternatives, or substitutions under "UCA Core" in the *Undergraduate Bulletin*. During the first year, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living. An approved UCA Core lab science and an approved UCA Core math course should be taken in the first two years if possible.

---

Notes – *continued*

The student will also need to complete major, minor, or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core. Upper-Division (UD) UCA Core includes Communication (C), Critical Inquiry (I), Diversity (D), Responsible Living (R), and a Capstone experience (Z). See annotations in this Academic Map for courses within the major that fulfill the UD UCA Core requirements. Consult the *Undergraduate Bulletin* and your academic advisor for other available UD UCA Core courses. Note that if pending music courses have not been approved, a Responsible Living course will have to be found outside the major.

<sup>6</sup> A music scholarship may require a second ensemble beginning this semester and continuing for the duration of the scholarship. Students should check specific scholarship requirements concerning this.

<sup>7</sup> Students may wish to take some core classes, such as their science classes, in the summer due to the large number of required major courses taken each semester.

<sup>8</sup> MUS 1340 is a prerequisite for MUS 3302 and should be taken in the sophomore year. MUS 1340 fulfills the LD UCA Core requirement in Diversity in Creative Works, and is a Fine Arts (FA) course.

<sup>9</sup> Students must have passed the UDQA (Upper-Division Qualifying Assessment) prior to this semester to take upper division music classes, including 4000 level lessons and ensembles. This applies to any student who enters UCA as a freshman music major in Fall 2014 or later. In working towards the required minimum 40 upper-division credit hours necessary for graduation purposes, it is important that students register in 4000-level lessons and ensembles each semester upon completion of the UDQA. Failure to do so could prevent a student from graduating in the semester in which they had planned. If a student takes only the minimum upper-division degree hours in the major, 13 additional upper-division hours will be needed. Students should review their minor requirements carefully and plan their course of study in the minor and in their general electives to account for any needed upper division hours.

<sup>10</sup> COMM 1300 and SPCH 1300 are the same course. Take only one of them.

<sup>11</sup> A minimum of 3 hours of UD UCA Core Critical Inquiry (I) hours are needed to fulfill this requirement. MUS 4311 fulfills the requirement if taken as an upper-division music elective, or MUS 3210 with the addition of another approved UD UCA Core I course.

<sup>12</sup> Students with no previous experience with a foreign language may need to enroll in up to six hours of lower-level instruction to prepare for this requirement. These courses are not included in this plan of study.

<sup>13</sup> This requirement may or may not be fulfilled by a course or courses in the major or minor. Students will take music or minor courses if appropriate or fulfill this requirement in another department as part of their required general electives.
