General Note

All courses with an asterisk (*) and all nursing courses (NURS) listed in this Academic Map (AMAP) must be completed with a minimum grade of “C.” The course requirements detailed in this AMAP are specific to the UCA BSN degree program. Students seeking admission to another nursing program or another UCA major are responsible for knowing the specific requirements for that program or major.

Notes

¹ Courses listed for Year 1 are prerequisite to the nursing major. Admission to UCA as a pre-nursing major does not guarantee admission to the nursing major, which begins in Year 2. Students must apply and be accepted to the major. Applications are available by January 15 and are due March 1 (uca.edu/nursing). See uca.edu/nursing for a complete list of major admission requirements and degree requirements.

² BIOL 1410 and 2410 or BIOL 2406 and 2407 will meet the UCA BSN degree requirements. Parts I and II must both be completed at the same institution.

³ One of these courses should be taken as a First Year Seminar (FYS).

⁴ See appropriate choices, alternatives, or substitutions for the lower-division UCA Core (LD UCA Core) under “UCA Core” in the *Undergraduate Bulletin*. The student must complete upper-division UCA Core (UD UCA Core) requirements as specified in this AMAP.

⁵ Although CHEM 1402 is preferred, CHEM 1450 will also meet the UCA BSN degree requirement and the LD UCA Core Physical Science requirement.

⁶ BIOL 2411 is a prerequisite or corequisite for the Year 2 fall-semester nursing courses.

⁷ BIOL 4311 is prerequisite or corequisite for the Year 2 spring-semester nursing courses.

⁸ COMM 1300 and SPCH 1300 are the same course. Take only one of them.

⁹ FACS 2341 or PSYC 2370 are accepted for the UCA BSN degree. Some nursing programs which require a development course do not accept FACS 2341. If applying to another nursing program, the student should check with that program regarding its requirements. FACS 2341 or PSYC 2370 is a prerequisite or corequisite for the Year 3 fall semester nursing courses.

¹⁰ One of the statistics courses listed must be completed prior to NURS 4315.

Notes – *continued*

¹¹ Prior to Year 4 spring semester, all non-nursing courses should be completed. Because of the high number of clinical hours and the variable clinical times required in this semester, students will be unable to enroll in other courses. If additional hours are required, an online course without any synchronous meetings should be selected. Many full-time enrollment requirements for financial aid and scholarship requirements are reduced for the last semester of a student's program. Students should see the Financial Aid office for details regarding their aid program.
