

Timeline and Expectations for Honors in Biology if a member of the Norbert O. Schedler Honors College:

- Select a faculty mentor and research project
- Assemble Advisory committee (2 faculty members plus research mentor who serves as chair)
- Take Oxford Tutorial, suggested first semester of junior year/Write proposal
- Submit proposal to advisory committee
 - Respond to comments and/or ensure you are registered for BIOL 4285 for the following semester
- Conduct research
- Ensure you have a Biology GPA of 3.25
- Take Schedler Honors Senior Thesis course, the semester you plan to write your thesis.
- Submit an Undergraduate Scholars Program Form (aka Honors in the Majors form) to the Registrar and Biology Office by the end of the **third full week** of the semester in which the student intends to graduate.
- Schedule presentation
- Submit Thesis to Advisory Committee a minimum of two weeks prior to presentation
- Present and Defend Honors in Biology Thesis a minimum of 3 days prior to the end of the last week of instruction in the semester the student intends to graduate.
- Present Thesis for Schedler Honors College Representative. This may be done simultaneously with presentation for the advisory committee.
- Obtain Signatures from Advisory Committee
- Submit Honors in Biology Thesis and Thesis Release Form to Schedler Honors College by the end of the last week of instruction of the semester of graduation.
