Budget Workshop*

September 2015
UNIVERSITY OF CENTRAL ARKANSAS

INTRODUCTION

The main function of the Budget Office at the University of Central Arkansas is to prepare the University's budget for each fiscal year in accordance with the President, Board of Trustees, and the State of Arkansas. The Budget office also assists the Vice-Presidents, Deans and Department Managers to understand their allocated budget.

The departments are responsible for consistently monitoring and remaining within their budgets for the fiscal year. The departments should review their budgets weekly on self-service and native banner to ensure no overages or inappropriate expenses have occurred. All department heads are responsible for reviewing and verifying the information on the salary reports which are emailed out semimonthly.

Approvers should not approve an NSF, unless checking the department's budget to confirm a budget transfer has been completed and the funds are available for the requisition.
