 1. Report from Chair: From email

“The subcommittee has the following updates:

PSCI 3355--has changed their materials to ask that the course be approved as Diversity goal B instead of goal A. The subcommittee (and the department) think this is a better reflection of the course content.

HSC 4314--we received updated information that addressed our concern about the assignment and now meets the 20% requirement.

Nursing has pulled their proposal (4403) and have decided another class will better fit for their program. We should have that proposal for our next meeting.

As such, the subcommittee unanimously recommends we approve PSCI 3555 (D goal B) and HSC 4314 (D goal A).”
