2010 High School Grads	1,277	932	73.0%	683	53.5%	799	62.6%

* Source: UCA Financial Aid

Important Notes:

1. Column 7 shows those UCA students who retained their eligibility through credit EARNED AT UCA, indicating that 116 students who retained ACS eligibility did not re-enroll at UCA.
2. Only the ADHE has the total number of UCA cohort students who retained their ACS through earning additional summer credit at other institutions, and may have enrolled elsewhere.
3. Results on this report will differ slightly from similar reports produced by UCA FA due to IR using census-based cohort data.
