Five Star Standards & Awards Program

University of Central Arkansas Fraternities and Sororities

Purpose of this Packet

The purpose of this packet is to provide an inclusive summary of the standards for UCA fraternities and sororities. This packet includes a brief summary of each standard, point breakdown for each standard, and submission requirements for each standard. This packet is designed to help chapter leadership prepare and report progress on the scored standards for fraternities and sororities.

Standards Program & Awards Mission Statement

There is a common set of principles to which all fraternities and sororities hold. The Five Star Standards & Awards Programs serves to assist the fraternity/sorority community, as well as each individual chapters, in functioning at the most effective level possible. Knowing that individual member and chapter actions reflect on everyone at UCA and Greeks nationwide, our community can only be as strong as its weakest link.

The standards program will challenge chapters to have integrity - adherence to the oath we took as we made a lifelong commitment to our respective fraternity/sorority. By providing a set of standards that reflect these common principles, the standards program provides chapters a level of accountability, with an opportunity to seek distinction. Through these standards, the Office of Student Life will be better able to expose the campus community and potential members to the achievements and quality of life of the fraternity/sorority community. As members of fraternities and sororities, we should be better for our affiliation, the campus improved for our involvement, and the greater community enhanced for our contribution.

Standards Sections and Points

The program consists of five scored overall sections, with 220 maximum number of points available. Each section contains numerous sub-sections which make up the overall point value for each section.

1) Academic Excellence - 50 points
2) Community Service & Philanthropy - 40 points
3) Campus Involvement - 35 points
4) Greek Unity - 30 points
5) Chapter Operations & Risk Management - 65 points

Chapters will be scored and issued one of the following designations:

★★★★   Four Star Chapter – 80-89%

★★★   Three Star Chapter – 70-79%
