The Department of History Master of Arts seeks to broaden and deepen the student's mastery of the historical discipline. As such, it is suited to teachers desiring further study in the discipline, to students preparing for entrance into a doctoral program, and to those, who by reason of avocation or vocation, desire a more profound knowledge of history. The Master of Arts program prepares students for a wide variety of career options ranging from teaching and business to journalism and public service.

THE MA IN HISTORY PROGRAM OFFERS:

• Two program tracks: Thesis and Non-Thesis*
• Three areas of specialization: U.S. History, European History and Non-Western History**

Recognizing that students enrolled in the M.A. program will have differing goals, the Department of History offers a two-track curricular program. Thesis Track: for students who plan to continue their studies in a Ph.D. program. These students will write a thesis under the guidance of an advisor and must show proficiency in a foreign language. Non-Thesis Track: For students who desire to expand their content knowledge and those who wish to teach at the community college level.

*Both tracks require 30 credit hours of study and successful completion of a comprehensive examination.

**Students must take 12 credit hours in a major field & 6 hours in a minor field chosen from the areas of specialization.
