Each year, the Mu Chapter puts on study skills workshops designed to improve test-taking skills for lower division students. The workshops are held before students begin taking their midterms.

PRESENTING THE

HISTORY DEPARTMENT

Major's Fair October 4

The Mu Chapter represents the history department at the Major's Fair each fall. A committee puts together a themed display and works at the fair to inform incoming students about the history major. This year the committee chose a movie theme for the display. Current and upcoming history courses were presented as currently showing and upcoming feature films. Movie lights, popcorn, and movie trailer slideshows attracted students to the booth.

# Grand Winners!

The Mu Chapter won the top display title for the fair. Dr. Craun accepted the prize ribbon.

# Book Sale

The Mu Chapter held a book sale for its 2012-2013 fundraiser. Using books collected from professors and students, members raised over two hundred dollars. Part of that profit went to purchasing a chapter subscription to *The Historian*.

PHI ALPHA THETA BOOK SALE

A woman with long brown hair is shown from the chest up, reading a book. She is holding the book in front of her face, with only her eyes and the top of her head visible. Above her is a black desk lamp with a white shade, casting light on the scene. The background is white with a pattern of blue polka dots. The text "Find your new favorite book ..." is written in a black, handwritten-style font across the middle of the image. To the right of the woman's head, the word "...CHEAP!" is written in a bold, black, sans-serif font, with a red starburst graphic behind it.

The Mu Chapter invited Dr. David Welky to show a movie and lead a discussion on the historical themes present within the film. The Mu Chapter opened this event to the entire department and worked with professors to encourage lower division student participation.

# Peer Review Program

The Mu Chapter set up a paper peer review program through OrgSync that allows members to submit their papers and receive feedback from other members. This program was designed to utilize the academic expertise within the organization and channel that into further success.

# End of Semester Event

At the end of each semester the Mu Chapter invites history professors and students to a celebration dinner. This allows students and faculty to interact outside of the classroom to build better working relationships.

# Book Donation

After winning best chapter for the 2011-2012 year, the Mu Chapter was excited to use the prize donation money to choose books for the library.

Members compiled a list of books that reflected offered history courses and went together to make their donation.

The Mu Chapter initiated six new members in the spring, four of which participated in the initiation ceremony, pictured right. Two of the new initiates became officers for the next year. Angelo Paladino (center left) became the vice president and Joshua Ros (center right) became the secretary.

# History Day

Mu Chapter members promote service within the organization by volunteering as history day judges and staff members at the regional and state level. This year, members went to local schools to interview participants, judged exhibits and websites, read essays in advance, and served as support staff.

# End of Semester Event

Karaoke, food, and company  
was a great way to end  
the year.
