

INTENSIVE ENGLISH PROGRAM

The Intensive English Program (IEP) at UCA is a four-level academic program in English as a Second Language. It helps students acquire the skills needed to succeed in American colleges and universities.

The majority of UCA IEP students transition seamlessly into our numerous undergraduate or graduate academic programs. In addition to an academic focus, this program offers cultural enhancement components such as the Conversation Partner program, various group trips and excursions as well as celebrations recognizing American and international cultural traditions.

IEP Courses
