**PROGRAM DESCRIPTION**

The CI Education Program addresses issues of:
- Planning and preparing for students during their clinical education experiences,
- Developing learning experiences in practice,
- Supporting ongoing learning through questions and effective feedback,
- Developing skills of performance evaluation
- Identifying and managing students with exceptional situations, and
- Identifying legal implications for clinical educators, including issues presented by ADA legislation

**PROGRAM CONFIGURATION**

The CI Education Program is designed to accommodate the needs of the learner. As the result, the novice clinical educator with little or no experience in supervising students and the experienced clinical educator who has varied supervision experiences can both benefit from this program. For the novice clinical instructor, eligibility requirements include:
- Current license
- Minimum of 1 year clinical experience or comparable experience
- Completion of Participant Dossier attesting to clinical competence within the respective discipline in accordance with state laws & regulations as authorized by the individual’s direct supervisor

**BENEFITS OF COMPLETING THE CI EDUCATION PROGRAM**

- Enhanced knowledge and skills in clinical education
- Opportunity to participate in a unique learning experience
- Career development opportunity in clinical education
- Networking opportunity with other clinical educators with varied experiences and backgrounds
- Earned continuing education units (1.6 CEUs or 16 contact hours)

All participants must attend each session in its entirety and complete the Assessment Center to be eligible for credentialing.

**CREDENTIALED TRAINER**

Misty Booth, PT, DPT, PCS. Dr. Booth is the Director of Clinical Education for the University of Central Arkansas DPT Program and is the Program Director for the Pediatric Physical Therapy Residency Program also at UCA.
