Following approval of this recommendation, the CoD voted to remove from the table a motion tabled on December 2, 2015, that proposed to approve an UGC recommendation to drop the required minor for students completing two concentrations in the Modern Languages BA degree. This motion was tabled in anticipation of the above proposal which amends the undergraduate bulletin language to state that “the student completing more than one major or major concentration shall not be required to present a minor, but may do so if desired.” The motion to approve dropping the required minor for students completing two concentrations in the Modern Languages BA degree was voted on and did not pass because the proposal approved above accomplishes the same result for all major concentrations.

Certificate programs do not provide degrees, and students completing these programs have not historically been permitted to participate in commencement. Students have on occasion submitted requests to walk at commencement. Discussion followed regarding whether these students should be allowed to walk. - 5) S. Runge led a continued discussion from last week regarding students who complete certificate programs but are not included in commencement ceremonies. The number of students completing certificate programs is growing. The students will be required to apply for certificate program completion and pay the standard graduation fee. The fee will cover the cost of the certificate and related mailing costs.
- 6) S. Runge led a continued discussion from last week regarding the Pulaski Tech University Center and UCA baccalaureate degrees that could potentially be offered to Pulaski Technical College students through the center. Council members were provided with five-year data regarding the declared majors of undergraduate transfer students who have transferred from PTC to UCA. Discussion followed. S. Runge will contact Mike DeLong, Executive Vice President and Provost of PTC, and request further information on the majors that PTC

students are interested in, and R. Voss will assist in scheduling a time for the CoD to visit the PTC campus for a more in depth discussion.

- 7) S. Runge led a discussion regarding the potential need for a General Studies Degree. Feedback from advisors and students have indicated that a General Studies type degree may be needed to provide an avenue for students who have:

- had second thoughts regarding a degree program in which they are very deep;
- have amassed a large number of hours but not nearing completion; or
- have broad interests that do not fit within any of the currently offered degree programs.

Discussion followed regarding the requirements of such a degree. Council members agree that such a degree would need to have a focus and purpose beyond that of the UCA Core and would need to be assessable. V. Groves-Scott, J. Ishee, and Peter Mehl will work on a proposed degree design and bring it back to the CoD at a later date.

- 8) S. Runge notified CoD that UCA Board of Trustees member Elizabeth Farris has been assigned to Academic Affairs for her 2016 board assignment.

5) S. Runge led a continued discussion from last week regarding the development of a new and improved professional development program for faculty advisors. Consensus among faculty has been that the previous program focused primarily on training for advisement of freshmen students. Freshmen advising services are already provided to students by the Academic Advising Center, and such training is not relevant to the advising that takes place within the colleges. The new training program will be administered jointly by the Academic Advising Center and the Registrar's office. It will be tailored to the advising of non-freshmen students and is expected to be ready to roll-out this spring. The academic college deans will consider the best method for organizing/scheduling the training session(s) for their colleges, and the Advising Center/Registrar's Office will be contacting the deans in the near future to schedule the trainings. Discussion followed.

6) S. Runge led a continued discussion from last week regarding current efforts to build-out the class schedule for two years. He clarified that the two-year build-out does not mean that students will be able to register for classes two years in advance but that students and faculty will simply be able to view the courses that are expected to be offered. Discussion followed.

Council members also shared any feedback they recently received regarding the proposed opening of registration for summer courses at the same time that students register for spring courses. Discussion followed, and consensus is that students will be allowed to register for summer 2017 courses during the advance spring 2017 registration period scheduled for October 24th – November 14th.

The Registrar's office will be rolling out the most recent two year's class schedules for use when building out schedules. A notification email will be sent to the academic college deans and department chairs once these are rolled out and available.

7) S. Runge led a discussion regarding a request from the Department of Kinesiology and Physical Education to change the department's name to the Department of Exercise and Sport Science. Faculty in the department are in favor of the name change, because they feel

it more accurately identifies the current program and where it is anticipated to go in the future. A motion was made and seconded to approve the request. Discussion followed. The CoD voted to approve the request.

5) Member Reports:

- J. Glenn stated that all curriculum changes for the 2016/2017 graduate and undergraduate bulletins have been received and will be published once processed. Course frequency specifics will be removed from the bulletins to address concerns that course frequency information tends to get outdated quickly and also because the new two-year build out of the course schedule will provide more consistent and updated course frequency information. J. Glenn also provided a handout of services offered via the Summer Start program. This information will

be included in a mailing to students from the Academic Advising Center regarding summer registration.

- P. Mehl stated that a committee has been formed to work on a new program promoting civic engagement among UCA students. The program will begin initially in the fall as part of an honors course. This restriction stipulates that the minimum number of additional credit hours required for each additional minor is 12. A motion to approve was made and seconded. Discussion followed regarding the consensus that this language adds a requirement rather than a restriction. The CoD voted to amend the original motion to reflect an added requirement and not a restriction. The CoD voted to approve the recommendation with the additional requirement.

 - A problem with class rooms being double booked as a result of ignoring the override warning notification in Banner.
 - The need for standardization of instructional technology in classroom spaces;
 - S. Addison expressed a concern that the next update of the system will result in the loss of access to the virtual EMS system on Apple computers; and
 - The need to include room reservations into the system (even for rooms that are restricted and not viewable for scheduling) for security purposes. The UCA Police Department needs to know at all times which spaces are holding occupants.
- 4) S. Runge led a discussion regarding the university's current course withdrawal processes and policies. When a student drops after the designated drop deadline, faculty are faced with a decision to assign a grade of W (withdrawal), WP (withdrawal passing) or WF (withdrawal failing). Council members discussed varying scenarios in which failing students who drop after the deadline should or should not have the opportunity to receive a W or WP. Council members will visit with department chairs and faculty about this issue, and the discussion will resume at a future CoD meeting.
- 5) S. Runge led a discussion about the possible opportunity to replace mandatory mid-term grade reporting with the input of grades into GradesFirst. With the recent roll-out of GradesFirst to freshmen, the need for mid-term grades is in question. The information inputted into GradesFirst provides notification to both the students and their assigned advisors. Faculty are currently asked to update GradesFirst twice per semester (the second time occurs close to the mid-term grade reporting period) in addition to providing mid-term grades. Discussion followed regarding the benefits of requiring mandatory input in

GradesFirst versus mandatory mid-term grade reporting. GradesFirst automatically updates students and their advisors at the four-week and eight to nine week marks while mid-term grade reports do not result in a report to the student and advisor. S. Runge will ask Leigh Ann DenHartog, Becky Rasnick and Scott Brezee to attend an upcoming meeting of the CoD to better explain the capabilities of GradesFirst.

6) Provost's Announcements:

S. Addison provided council members with documentation showing how Undergraduate Bulletin (UGB) language regarding the program has evolved over time. Discussion followed regarding presentation in the UGB (specifically, language regarding the required GPA for graduation with honors). R. Scott and J. Glenn will work together to identify the best way to organize the information so that students can utilize the UGB to navigate through the pathway for honors.

Also discussed was the required GPA for graduation in the Honors in the Majors program, which is currently at least a 3.4 in the major with at least a 3.25 overall. - 5) J. Ishee led a discussion regarding a request from the Department of Nursing to change the department's name to the School of Nursing. Discussion followed. Other nursing programs have changed their titles to "school" rather than department, and this places UCA at a disadvantage when competing with outside institutions for students and faculty. The school will have a director instead of a chair but will remain in the College of Health and Behavioral Sciences, and reporting lines will remain the same. Discussion followed. A motion was made and seconded to approve the request. Discussion followed. The CoD voted to approve the request.

Her new office is located on the first floor of Wingo Hall in what was previously the breakroom.

6) J. Ishee led a discussion regarding the capital requests that are to be submitted by the deans to the provost's office this spring and specifically regarding what types of items should be included on this particular list. Discussion followed. Council members agreed that instructional items, specialized equipment, and renovations that address safety concerns should be prioritized high on the list. Computers for existing faculty should be purchased with the funds set aside for that purpose in each dean's office. The provost's office will provide \$600 for faculty to purchase a standard PC computer (additional funds may be allocated for the purchase of a Mac computer when justified). [Subsequently, Dr. Runge decided to provide \$1,500 to each department for the purchase of computers equipment and/or furniture for each new full-time, continuing faculty member.]

A handout was provided that included data on faculty and staff participation for both on-site and online trainings for the 2015-2016 academic year. On-site training participation has been low. Discussion followed regarding large group trainings for entire departments at the beginning of the school year as a possible way to make on-site training more accessible and thereby increase faculty and staff participation. - 3) S. Runge led a discussion on enrollment projections for the fall 2016 semester. Current admissions and enrollment data indicates that the number of entering freshmen will be lower than the established goal for the fall 2016 semester. Work is ongoing to increase those numbers and narrow or close the gap. Deans are asked to convey this message to department chairs and ask that they not initially open as many sections as they have in the past for the

fall and instead open sections incrementally as needed. Discussion followed and will continue at next week's retreat.

- 4) S. Runge and K. Boniecki led a discussion regarding incentives for faculty who develop and/or convert and teach courses in the UCA Online program. The outline of incentives, as established in the proposed UCA Online strategic design document, was reviewed by council members.  - Camille Shepherd, Director of Assessment, resigned on Monday. K. Boniecki will be contacting a previous candidate for the position who was deemed acceptable by the committee to extend an offer for this now available position.
 - The university has some long-serving full-time continuing faculty that still make less than \$40,000/year. Dr. Runge expressed concern and hopes to be able to increase these salaries when possible to at least a \$40,000 threshold.

Council of Deans

May 11, 2016

The Council of Deans met in regular session at 9:00 a.m. on Wednesday, May 11, 2016. Steve Runge presided, and the following members were present: Jonathan Glenn, Michael Hargis, Vicki Groves-Scott, Stephanie Bellar, Jimmy Ishee, Terry Wright, Steve Addison and Laura Young. Kurt Boniecki and Maurice Lee were absent. Peter Mehl attended in the absence of M. Lee.

Any additional feedback will be provided to the provost's office by noon on Friday.
- 4) S. Runge led a discussion regarding Grades First, mid-term grade reporting, and Black Board Gradebook.

The benefits of Grades First in terms of grade reporting and the notification of student distress or success as opposed to standard grade reporting are now being recognized. Requests to utilize Grades First in place of standard mid-term grade reporting have been received from individual faculty. Discussion followed. Consensus is that Grades First is much more useful than standard mid-term grade reporting. S. Runge plans to discuss this with the Faculty Senate Executive Committee over the summer.

Some feedback/interest has been also been received for the use of Black Board (BB) Gradebook for grade reporting. This system allows students to check their grades at any time. The eventual conversion to BB Gradebook is considered necessary for continuity of operations given that grades inputted into BB Gradebook are safe in the event of an emergency or natural disaster because the data files are hosted by Blackboard and not on local machines. This conversion would require the purchase of a module to allow an upload of grades from BB Gradebook into Banner. Discussion followed and will continue at the next CoD meeting. S. Runge also plans to discuss this possibility with the Faculty Senate executive officers over the summer.

Dr. Simon was introduced to the group. Discussion followed.
- 2) S. Runge led a discussion regarding the 2016-2017 budget. The UCA Board of Trustees has indicated a desire to provide a 2% COLA for all employees rather than the 1% COLA included in the current budget proposal. - 4) S. Runge led a discussion regarding CoD appointments to be made to the Information Technology Advisory Committee (ITAC), the Online Learning Advisory Committee (OLAC) and the Strategic Planning Advisory Committee (SPC). Discussion followed and the CoD made the following appointments:
 - ITAC – Steve Addison

 - SPC – Jonathan Glenn

Council members also discussed individual dean appointments to the new Service Learning Advisory Committee. Prior to approval of the committee by the Faculty Senate and Board of Trustees this spring, the committee met as an ad hoc committee during the 2015-2016 academic year. P. Mehl provided the list of college representatives who served on the ad hoc committee. Discussion followed and council members agreed to formally appoint these individuals to serve on this committee.

Council of Deans
June 22, 2016

The Council of Deans met in regular session at 9:00 a.m. on Wednesday, June 22, 2016. Steve Runge presided, and the following members were present: Jonathan Glenn, Kurt Boniecki, Joan Simon, Terry Wright, and Steve Addison. Peter Mehl, Associate Dean of the College of Liberal Arts, attended in the absence of Maurice Lee. Ken Griffin, Associate Dean of the College of Business, attended in the absence of Michael Hargis. Donna Wake, Associate Dean of the College of Education, attended in the absence of Vicki Groves-Scott. Jacquie Rainey, Associate Dean of the College of Health and Behavioral Sciences, attended in the absence of Jimmy Ishee. Laura Young joined the meeting after discussion item number four.

Colin Stanton, Coordinator of New Student Programs, was present for agenda item number one. Amy Hawkins, Director of the Center for Teaching Excellence, was present for agenda item number two.

- 1) C. Stanton provided council members with an overview of the upcoming fall 2016 Welcome Week schedule. Copies of the draft schedule were distributed, and discussion followed regarding room assignments for the scheduled college meetings. Beginning last year, student attendance at the college meetings became a scoring component of the “Battle of Halls” Welcome Week competition. College meeting attendance has increased as a result.
- 2) S. Runge led a discussion regarding the Adjunct Academy orientation for new part-time/adjunct faculty. The Adjunct Academy is offered at the beginning of both the fall and spring semesters. Important information is provided at this orientation, but the orientation has had light participation to date. Discussion followed, and consensus is to (i) make the Adjunct Academy available to any part-time faculty who have not previously attended, and (ii) assert that attendance at the Adjunct Academy is expected of all part-time/adjunct faculty who have been at UCA for one year or less.
- 3) The CoD minutes of June 8, 2016 were approved. K. Boniecki, K. Griffin, J. Rainey, and D. Wake abstained due to having not been present at the June 8th meeting.
- 4) S. Runge led a discussion regarding the allocation of, and requirements for, graduate assistantships. Graduate assistantships are not scholarships but rather work arrangements (as stated in the *Policies and Procedures Manual for Graduate Assistants*) intended to provide graduate students with an opportunity to work in a role that contributes substantially to their education. Council members agreed that students receiving graduate assistantship funds should always provide work in their field of study. Copies of the current *Policies and Procedures Manual for Graduate Assistants* was distributed, and council members will provide J. Simon with any feedback regarding possible revisions to the manual.

Annually, \$1.27 million is distributed to academic departments for GA’s. The current model used in allocating these funds has not been evaluated in recent years. Consensus is that

consideration should be given to any needed revisions of the current allocation model. J. Simon will survey department chairs to find out how GA funds are typically used within their programs. CoD will continue this discussion at an upcoming meeting.

Also discussed was continuous enrollment requirements for GA's. The GA manual indicates that students must be continuously enrolled, but the Graduate Bulletin does not contain a broad statement indicating this. Consensus is that an inventory should be done to see if this requirement is enforced within the individual programs, and discussion will continue at a future CoD meeting.

- 5) S. Runge presented a recommendation from the Registrar's Office of minimum and maximum credit-hours for full-time status during summer parts-of-term (3-week, 5-week, 8-week, 10-week and 13-week summer terms). Currently, the Undergraduate Bulletin only specifies full-time minimum and maximum credit hours for Summer I, II and III. After discussion, proposed limits were set as follows:
- May Intersession (3-week): 3-hours minimum for full-time; 6 hours maximum
 - 8-Week Summer: 7-hours minimum for full-time; 11 hours maximum
 - 10-Week Summer: 8-hours minimum for full-time; 14 hours maximum
 - 13-Week Summer: 11 hours minimum for full-time; 20 hours maximum
 - Summer I (5-weeks): 4 hours minimum for full-time; 7 hours maximum
 - Summer II (5-weeks): 4 hours minimum for full-time; 7 hours maximum
 - Summer III (3-weeks): 3 hours minimum for full-time; 6 hours maximum
 - Cap of 20 hours maximum over the entire summer

Discussion followed regarding the recommendation and the purpose of establishing a minimum credit-hour requirement other than the 6-hour minimum required by financial aid. The topic will be revisited at the July 6, 2016 meeting.

- 6) J. Glenn provided council members with a reminder that the university is required to notify and request approval from the ADHE Coordinating Board when 50% or more of any degree program is offered online. Discussion followed.
- 7) S. Runge informed council members that a meeting will take place at Northwest Arkansas Community College on September 21st to discuss the UCA's relationship with NWACC and possible future opportunities. Council members should plan to attend this meeting.
- 8) Provost's Announcements:
- An updated contact list for Academic Affairs will be sent electronically to council members and may be shared with associate deans, department chairs and faculty. (a hard copy was provided at the meeting)
 - An orientation program will be offered for free on August 4th to students who register late (data shows retention is lower for this group). This will be a one-day program for students and parents.
 - Amber Hall, Director of Institutional Research, is actively working to get promotion/tenure/advancement application processes in Digital Measures by November 2016 (in time to use as a pilot for mid-tenure review). Faculty will be able to readily use the data they have entered into Digital Measures to build their application portfolios.

- As a reminder, advising holds should be released only after a student has been advised; departments should not release holds in bulk.
- Information Systems and Technology (IST) is working to resolve the issue with previous delays in the upload of class rosters from Banner to Blackboard. Discussion followed.
- Document imaging will be initially implemented in 1-3 offices, but can be expanded from there as more licenses are acquired.
- A recent purchasing workshop announced the option of purchasing classroom technology equipment through IST and offered two different packages for departments to choose from. Packages may also be customized and departments will have the option of ordering the equipment themselves or having IST place the order with a transfer of funds to IST from the department.
- The deadline for faculty to elect to be paid over 12-months is July 1, 2016.

9) Member Reports:

- S. Addison stated that the first Cyber Camp is taking place this week on campus. Twenty-four students are participating.
- L. Young stated that she will send an email to deans and department chairs regarding the COLA of 2% for part-time and overload pay.

The meeting adjourned at 11:15 a.m.

Council of Deans
July 6, 2016

The Council of Deans met in regular session at 9:02 a.m. on Wednesday, July 6, 2016. Steve Runge presided, and the following members were present: Jonathan Glenn, Michael Hargis, Vicki Groves-Scott, Joan Simon, Jimmy Ishee, Terry Wright, Steve Addison and Laura Young. Peter Mehl, Associate Dean of the College of Liberal Arts, attended in the absence of Maurice Lee. Kurt Boniecki was not present at the meeting.

- 1) The CoD minutes from the June 22, 2016, meeting were approved. V. Groves-Scott and M. Hargis abstained.
- 2) Action items of the April 21, 2016 meeting of the UCA Graduate Council were considered as follows:

 - A proposal to change the admission requirements for the MFA in Digital Filmmaking, eliminating the GRE and adding a statement of purpose and writing sample, was tabled at the recent meeting of the Graduate Council and will be considered at a later date.

J. Simon provided a brief overview of information items from the April 21st meeting.

- 3) S. Runge led a discussion continued from the June 22nd CoD meeting regarding graduate assistantships and the development of a model for allocating funding for graduate assistants to the departments/units. To assist in the development of this model, the Graduate School will survey departments/units that administer graduate assistantship funds to learn in what capacities graduate assistants are being utilized. A draft of items to be included on the survey will be provided to council members for feedback. Discussion followed.

Council members also continued the June 22nd discussion regarding continuous enrollment requirements. The Graduate Bulletin does not currently have an across-the-board policy for graduate students pertaining to continuous enrollment. Discussion followed regarding the need for students who are on campus to be here in an official capacity to avoid any liability risks. Council members agree that students who are receiving university pay for serving as a

graduate assistant must be enrolled. An across-the-board continuous enrollment policy is needed, but the policy would need to address exceptions under special circumstances as the policy might not work for all programs. J. Simon and L. Young will work to draft a policy, and deans will be asked to review the language and determine how it will affect the programs within their respective colleges.

- 4) S. Runge led a discussion continued from the June 22nd CoD meeting regarding the minimum/maximum credit-hours for summer sessions. The proposal document provided at the June 22nd meeting was revised following discussion at the last meeting and was distributed to council members. Discussion followed regarding the appropriate total maximum credit-hours for May Intersession, Summer I and Summer II combined. Consensus is that the total number of credit-hours for these combined terms should not be greater than the maximum total credit-hours allowed for the fall or spring terms which is 18 hours. The document will be revised to reflect an 18-hour maximum for the combined summer terms, and the revised document will be distributed to council members at the next meeting.

Council members also discussed the purpose of having a minimum credit-hour limit. In addition to the financial aid minimum credit-hour requirements, the VA and insurance companies typically have minimum credit-hour policies in place. Discussion followed, and consensus is to continue the practice of having a university minimum credit-hour policy for full-time status in the summer.

5) Provost's Announcements:

- S. Runge held a meeting last week regarding the on-boarding of transfer students (the process of getting transfer students on campus and matriculated). Chris Riggins will be leading an initiative to host Transfer Days on select two-year school campuses to assist with bringing these students to campus. Representatives from each academic college and other university offices will be asked to attend these events.
- The university will host a 1-day orientation for students who are admitted after July 1st, as this is a student population who has statistically been found to be at-risk.
- S. Runge is meeting this week with each college dean to discuss fall 2017 positions.
- ADHE has proposed a new outcomes-based funding model. Information regarding this new model is forthcoming.
- The Advising Center will host a luncheon and speaker on Tuesday, August 16th for faculty advisors. All faculty who advise students will be invited, but the event will be limited to the first 100 faculty members to RSVP. Information will be sent out soon.

Discussion followed.
- T. Wright stated the Shakespeare Folio exhibit will end on July 13th.
- L. Young stated that:
 - As a rule, before a faculty member has access to Blackboard, the hiring process needs to be complete. Therefore, it is important that PAF's for visiting or adjunct faculty members are submitted as soon as possible. However, in an emergency situation, if a faculty member is hired late and needs access prior to completion of the hiring process, Tonya McKinney in IT can provide access to a temporary Blackboard course shell. Then, once the hiring process is complete and the employee's network login has been issued, the course content can be moved to the correct Blackboard shell that matches the course CRN. Blackboard shells are created for all course sections.
 - Faculty advisors should always take Degree Works notes into account when advising students. Some advisors have ignored deficiencies identified in Degree Works because they have assumed they are incorrect, when in fact the deficiency existed. If an advisor believes Degree Works is in error, they should consult their department chair. Then, if the department chair agrees that Degree Works is in error, the chair should contact Jeff Wittig, Degree Works/Curriculum Management Specialist.
 - Discussion followed regarding general education requirements. J. Glenn will send out a summary of information about Arkansas associate degrees and the 35-hour state minimum core.
 - Advisors should be encouraged to remind students to apply for graduation one year in advance of their intended date of graduation.

The meeting adjourned at 10:25 a.m.

Council of Deans October 19, 2016

The Council of Deans met in regular session at 9:00 am on Wednesday, October 19, 2016. Steve Runge presided, and the following members were present: Jonathan Glenn, Maurice Lee, Vicki Groves-Scott, Kurt Boniecki, Joan Simon, Jimmy Ishee, Terry Wright and Laura Young.  - a. A change in the admission requirements for the M.S.E. in Advanced Studies in Teacher Leadership that eliminates the educator license requirement and replaces it with a choice of either Praxis I or Core scores, or GRE scores, or a valid educator license. A motion to approve was made by J. Simon. V. Groves-Scott seconded the motion. Motion passed, all in favor.
- 5.) J. Simon discussed ideas for revamping the distribution of Student Research Funds. Discussion followed. A new procedure will be used this year as follows: (1) Sponsored Programs will distribute the funds awarded to the respective department; (2) the department will provide funds to the student on a reimbursement basis; (3) the departments will return unused funds to Sponsored Programs near the end of the year in time for the funds to be used for other research needs; (4) the Graduate School will determine deadline for the return of funds based on the year-end purchasing deadlines.
- 6.) Kim Hutchcraft and Tyra Phillips provided an overview of the proposed People Admin hiring process for part-time faculty. The benefits of using PeopleAdmin for this process include elimination of the paper PAF, more streamlined processing and tracking of hiring documents, and elimination of involvement by the department in submission of the hiring packet. Under the proposed plan, the department will create a job posting from a part-time template. However, unlike the normal process for posting an opening for a full-time continuing faculty position online, the department chair will have the option of keeping the hiring proposal private. The chair can send a private link to the person that they want to hire as an adjunct. The applicant will create a profile in PeopleAdmin and apply for the position. Once an applicant prepares a profile, it will remain in the system to be easily used again in the future. The deans were in favor of exploring the option. It will be discussed with department chairs at the Academic

Council meeting to be held on October 22nd to gain their feedback and insight prior to proceeding with the plan. Discussion followed.

- 7.) S. Runge led a discussion on faculty load and reassigned time. He has reviewed the requests for faculty reassignments for the spring 2017 semester, and some departmental requests are extensive. Although reassignments will continue to be approved on a case-by-case basis, it is critical that we limit the costs of hiring part-time faculty and full-time visitors to take on teaching loads otherwise assigned to continuing faculty. Otherwise, it will be more challenging to increase faculty salaries through merit and equity increases, and Dr. Runge would like to see UCA's median faculty salaries rise to the CUPA median salary level. The group discussed the level of research expected at UCA versus that required at a Research 1 institution. At a Research 1 institution, a significant portion of the salaries of faculty producing research are often predominately supported by grant revenues. At UCA, quality research is important, but teaching is also critically important and necessary since most faculty salaries are supported by tuition and fee revenue. The provost will be meeting with deans individually to discuss reassignments submitted by college.
- 8.) Provost's Announcements:
 - a. Board of Trustee member Elizabeth Farris will meet on Thursday, October 20 with the Academic Advising Center, the Registrar's Office and the Office of Student Success.
