**General Note**

All courses with an asterisk (\*) and all nursing courses (NURS) listed in this Academic Map (AMAP) must be completed with a minimum grade of "C." The course requirements detailed in this AMAP are specific to the UCA BSN degree program. Students seeking admission to another nursing program are responsible for knowing the specific requirements for that program.

**Notes**

<sup>1</sup> Courses listed for Year 1 are prerequisite to the nursing major. Admission to UCA as a pre-nursing major does not guarantee admission to the nursing major, which begins in Year 2. Students must apply and be accepted to the major. Applications are available by January 15 and are due March 1 ([uca.edu/nursing](http://uca.edu/nursing)). See [uca.edu/nursing](http://uca.edu/nursing) for a complete list of major admission requirements and degree requirements.

<sup>2</sup> BIOL 1410 and 2410 or BIOL 2406 and 2407 will meet the UCA BSN degree requirements.

<sup>3</sup> One of these courses should be taken as a First Year Seminar (FYS).

<sup>4</sup> See appropriate choices, alternatives, or substitutions for the lower-division UCA Core (LD UCA Core) under "UCA Core" in the *Undergraduate Bulletin*. The student must complete upper-division UCA Core (UD UCA Core) requirements as specified in this AMAP.

<sup>5</sup> BIOL 2411 and NUTR 1300 are co-requisite or pre-requisite for the Year 2 fall semester nursing courses.

<sup>6</sup> BIOL 4311 is co-requisite or pre-requisite for the Year 2 spring semester nursing courses.

<sup>7</sup> FACS 2341 or PSYC 2370 are accepted for the UCA BSN degree. Some nursing programs which require a development course do not accept FACS 2341. If applying to another nursing program, the student should check with that program regarding its requirements.

FACS 2341 or PSYC 2370 is a co-requisite or pre-requisite to the Year 3 fall semester nursing courses.

<sup>8</sup> One of the statistic courses listed must be completed prior to NURS 4315.

<sup>9</sup> Prior to Year 4 spring semester, all non-nursing courses should be completed. Because of the high number of clinical hours and the variable clinical times required in this semester, students will be unable to enroll in other courses. If additional hours are required, an online course without any synchronous meetings should be selected. Many full-time enrollment requirements for financial aid and scholarship requirements are reduced for the last semester of a student's program. Students should see the Financial Aid office for details regarding their aid program.
