To be completed by the advisor when an Eight-Semester Plan is accepted by the student:

If applicable, has student selected a minor? Type “x” as appropriate. _____ No _____ Yes

If “yes,” specify: _____

General Note: Program Name Change

The name of the former BS degree program in Kinesiology has been changed to Exercise Science effective with the fall semester 2015.

Notes

¹ A major grade point average of 2.0 or higher on a 4.0 scale is required to complete the degree. The major consists of 53 credit hours. A grade of C or better is required in all major courses.

² This Academic Map includes 18 credit hours in the Family and Consumer Science Minor. A minor grade point average of 2.0 or higher on a 4.0 scale is required for completion of the degree. A grade of C or better is required in all minor courses.

³ It is recommended that students complete an FYS section of KPED 1320. If an FYS section of the course is not available, students may complete a traditional section of KPED 1320. Students should consult with their advisor to ensure that they complete an FYS section of a course from either Critical Inquiry or a Social Science course (designated SS) within Diversity/World Cultures. See also note 4.

⁴ See appropriate choices, alternatives, or substitutions under “UCA Core” in the *Undergraduate Bulletin*. During the first year, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living. An approved UCA Core lab science and an approved UCA Core math course should be taken in the first two years if possible. The student will also need to complete major, minor, or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core. See annotations in this Academic Map for courses in the major fulfilling these UD UCA Core requirements.

⁵ BIOL 1440 requires the following prerequisites: High School chemistry or CHEM 1301 (or above) and a composite ACT score of 21 or higher OR BIOL 1400 and CHEM 1301 (or above), both with a grade of C or higher. Students not meeting the prerequisite requirements must have permission of the Biology department chair prior to enrollment.

⁶ CHEM 1450 requires the following prerequisites: High school chemistry or CHEM 1301 (or above) with a C or better, and an ACT mathematics score of at least 21 or corequisite/prerequisite of MATH 1390.

⁷ Students must complete at least one Humanities (HUM) and one Fine Arts (FA) course as part of the lower-division UCA Core, one from the Diversity in Creative Works category and the other from the Critical Inquiry, Fine Arts/Humanities category. One course must be completed in the second semester and the other course must be completed in the third semester. Note

Notes – *continued*

that the following humanities courses have prerequisites: CHIN 2320 Intermediate Chinese II, FREN 2320 Intermediate French II, GERM 2320 Intermediate German II, SPAN 2320 Intermediate Spanish III.

⁸ Prerequisite BIOL 1400/1401/1402 or 1440.

⁹ Depending on the math or science courses selected to satisfy the special degree requirements for a Bachelor of Science, the student will need to adjust the number of general elective hours in this AMAP. For further details about the BS Science/Math requirement, see the Undergraduate Bulletin, "Degree Requirements." The program recommends that students complete two 4-credit hour science courses (Biology, Chemistry, or Physics) beyond the LD UCA Core requirements to fulfill the special degree requirements. It is recommended that, if students have CHEM 1402 or CHEM 1450, they complete BIOL 2406 and BIOL 2407 for their special degree requirement.

¹⁰ In addition to PSYC 1300 General Psychology, students must complete an additional Social Science course (designated SS) in the Diversity in World Cultures category of the LD UCA Core.

¹¹ Students must complete only one KPED elective.

¹² It is recommended that students complete a 3-hour upper-division course from a cognate area that supports students' career interests.

¹³ Students must have current CPR/First Aid Certification prior to enrolling in and during KPED 4399 Internship in Exercise Science.
