To be completed by the advisor when an Eight-Semester plan is accepted by the student:

If applicable, has student selected a minor? Type “x” as appropriate. _____ No _____ Yes

If “yes,” specify: _____

Notes

¹ If 15 semester hours are needed to comply with a scholarship, it is the student’s responsibility to add 1-3 hour(s) of a general elective course or UCA Lower Division Core course to the semester.

² MATH 1390 or equivalent is required to enroll in MATH 1491 or MATH 2311. A “C” or better in MATH 1390 and a “C” or better in MATH 1392, or a “C” or better in MATH 1580, or equivalent is required to enroll in MATH 1496. Student should take MATH 2311 Statistical Methods prior to completing 30 semester hours.

³ See appropriate choices, alternatives, or substitutions under “UCA Core” in the *Undergraduate Bulletin*. During the first year, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living. An approved UCA Core lab science and an approved UCA Core math course should be taken in the first two years if possible.

The student will also need to complete major, minor, or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core. See notations in this Academic Map and the [Department of Biology](#) page in the *Undergraduate Bulletin* for courses in the major that fulfill these requirements.

⁴ This degree requires 28 hours of Biology Elective courses. The plan is designed with the minimum number of courses required to meet degree requirements. However, students may elect to take Biology elective courses that are not lab classes. The student must take a **minimum** of 4 Biology elective lab courses (16 credit hours). The remaining 12 hours of Biology elective courses may be any approved Biology elective course. See appropriate choices under the [Department of Biology](#) in the *Undergraduate Bulletin*.

⁵ If students combine the UD UCA Core Diversity (D) and Responsible Living (R) requirement into one course or if Biology elective courses are used in place of the UD UCA Core or Capstone requirements, these courses must be replaced with general electives in order to meet the minimum 120 credit hours required for graduation.
