Notes

¹ Students completing the requirements for the program complete the requirements for a minor in Mathematics.

² See appropriate choices, alternatives, or substitutions under “UCA Core” in the *Undergraduate Bulletin*. Prior to completion of 30 semester hours, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living.

The student will also need to complete major, minor, or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core. See annotations in this Academic Map for courses in the major that fulfill these upper-division requirements. Consult the *Undergraduate Bulletin* and your academic advisor for other available courses.

³ Major Elective and General Elective courses must be selected so that a minimum of 40 hours of credit is earned at the 3000 level or above.

⁴ Major elective courses must be approved by the Chair of the Department of Physics and Astronomy.
