To be completed by the advisor when an Eight-Semester Plan is accepted by the student:

If applicable, has student selected a minor? No Yes (Specify) _____

Notes

¹ The Mathematics Department recommends that students complete their general education in mathematics requirement as early as possible.

² See appropriate choices, alternatives, or substitutions under “General Education Program” in the Undergraduate Bulletin.

³ Students are required a minimum of 4 hours (one at each level), but they are strongly advised and encouraged to take this course each semester up to 8 hours. (The extra four are included in the model plan, thus the 124 minimum hours required for the degree.)

⁴ This Program Completion Plan includes 24 credit hours in the Minor field of study. Minor requirements range from 18 to 27 credit hours; the student will need to adjust the number of general elective and minor elective credit hours in this PCP as needed depending upon the chosen minor field of study.

⁵ A total of 9 hours are required for electives: MCOM 3302, 3307, 3322, 3334, 3391/4391, 4313, 4323, 4331, 4332, SPCH 3310, WRTG 3310.
