DATE

To be completed by the advisor when an Eight-Semester Plan is accepted by the student:

If applicable, has student selected a minor? No Yes (Specify) _____

Notes

¹This Program Completion Plan assumes 6 to 10 credit hours of science to complete the BS Degree requirement. If the student elects to take 6 credit hours of math, an additional 2 credit hours will have to be taken to complete the 124 hour credit graduation requirement.

²This Program Completion Plan includes 21 credit hours in the Minor field of study. Minor requirements range from 18 to 27 credit hours; the student will need to adjust the number of general elective and minor elective credit hours in this PCP as needed depending upon the chosen minor field of study.
