

Program Completion Plan (Three-Year Plan with Summers)

Department: EFIRM **Degree:** BBA
Program/Major: Economics
Track/Emphasis: International Trade
Does this program require a minor? (Yes/No) No

The College of Business offers all BBA degrees as three year degrees. Each of the BBA degrees is interdisciplinary, in that all students take courses in accounting, economics and statistics (the foundation), courses in finance, marketing, and management (the core) and the major courses. In recognition of the fact that good business majors may not be equally gifted in each of these disciplines, the college does NOT require a C in each course for progression through the curriculum, but requires a 2.0 GPA in the major. This means a 2.0 GPA in each part of the major. Students who do not have a GPA of 2.0 in the foundation after taking Principles of Accounting I, Principles of Accounting II, Principles of Economics I, Principles of Economics II, and Statistics must repeat courses until the average of a 2.0 is reached.

Important program information in the online *Undergraduate Bulletin*:
