To be completed by the advisor when an Eight-Semester Plan is accepted by the student:

If applicable, has student selected a minor? No Yes (Specify) _____

Notes

¹ MATH 1591 is a major requirement and also fulfills the three-hour General Education requirement in Mathematics

² See appropriate choices, alternatives, or substitutions under "General Education Program" in the *Undergraduate Bulletin*.

³ This Program Completion Plan includes 21 credit hours in the Minor field of study. Minor requirements range from 18-27 credit hours, so the student will need to adapt the number of general elective and minor elective credit hours in this plan as needed, depending upon the chosen minor field. **Given a student's choice of minor and special degree requirements, the total number of credit-hours taken may exceed the total number of credit hours required to complete the program.**
