If applicable, has student selected a minor? Type “x” as appropriate. _____ No _____ Yes

If “yes,” specify: _____

Notes

¹ See appropriate choices, alternatives, or substitutions under "UCA Core" in the *Undergraduate Bulletin*. During the first year, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living. Note: Students may be able to take a UCA Core course required for the major as a FYS option. The student would then substitute another UCA Core course in its place on the PCP. For example, if a student took ECON 2310 as a FYS, they would need to replace ECON 2310 on the PCP with a different UCA Core course. The student will also need to complete major, minor, or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core.

² This Program Completion Plan includes 21 credit hours in the Minor field of study. Minor requirements range from 15 to 31 credit hours. Depending on the minor selected, the student will need to adjust the number of general elective and minor elective credit hours in this PCP.

³ A student must complete four economics major elective courses from the following list:

ECON 3310 Public Finance****

ECON 3315 Labor Economics****

ECON 3330 Environmental Economics****
