Notes

¹ See appropriate choices, alternatives, or substitutions under “UCA Core” in the *Undergraduate Bulletin*. During the first year, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living. The student will also need to complete major, minor, or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core.

² This Program Completion Plan includes 24 hours in the Minor field of study. Minor requirements range from 15 to 31 credit hours. Depending on the Minor selected, the student will need to adjust the number of general electives and Minor elective credit hours in this PCP.

³ Depending on the math or science courses selected to satisfy the special degree requirements for a Bachelor of Science, the student will need to adjust the number of general elective hours in this PCP. See the *Undergraduate Bulletin* (Degree Requirements, § 2.2.5, Bachelor of Science) for further details.
