**To be completed by the advisor when an Eight-Semester Plan is accepted by the student:**

**If applicable, has student selected a minor? Type “x” as appropriate. \_\_\_\_\_ No \_\_\_\_\_ Yes**

**If “yes,” specify: \_\_\_\_\_**

**Notes**

<sup>1</sup> A minor is not required. In lieu of a minor, students must complete approximately 22 hours of electives across related disciplines approved by the major academic advisor.

<sup>2</sup> The program requires a 2.75 minimum cumulative GPA and a 3.2 minimum major GPA. If a student receives a D or F in any CSD course, the course must be repeated.

<sup>3</sup> See appropriate choices, alternatives, or substitutions under "UCA Core" in the *Undergraduate Bulletin*. During the first year, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living. A lab science (BIOL 1400 or a Physical Science) and MATH 1360/MATH 1390 should be taken in the first year if possible. The student will also need to complete major, minor, or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core.

<sup>4</sup> This degree plan assumes eight (8) hours of lab science coursework beyond the general education requirements to satisfy the B.S. special degree requirements.

<sup>5</sup> CSD 3311 is also offered in Spring for those students who did not take it in the Fall.
