Notes

¹ During the first year, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living.

² See appropriate choices, alternatives, or substitutions under “UCA Core” in the *Undergraduate Bulletin*. A lab science (BIOL 1400 or a Physical Science) and MATH 1360/MATH 1390 should be taken in the first year if possible.

³ The student will also need to complete major or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core. The student must complete upper-division UCA Core courses that address each of the four UCA Core areas: Diversity (D), Critical Inquiry (I), Communication (C), and Responsible Living (R). One course may address up to two areas.

⁴ The Bachelor of Arts degree requires completion of three hours in a foreign language on the 2000-level or above. Students with no previous experience with a foreign may need to enroll in up to six hours of lower-level instruction to prepare for this requirement **OR** satisfactorily complete the competency exam for the pre-requisites. These pre-requisite courses are not included in this plan of study. Please note that such need voids the guaranteed Eight-Semester Plan.
