General Note

This Program Completion Plan is designed for students entering UCA as first-time freshmen. Students should consult with their advisors on a regular basis regarding their admission, retention, and completion of the BSE degree. Additionally, candidates must pass the Educational Technology Competency Exam (ETCE) or successfully complete with a grade of C or better a computer literacy class emphasizing Microsoft competencies – an appropriate community college technology class, MIS 2343, or CSCI 1300. See <http://uca.edu/tlc/etce-study-materials/> for information and resources related to the ETCE. Students should be familiar with the current *Undergraduate Bulletin* related to all degree requirements.

Notes

¹ A cumulative grade point average of 2.7 or higher on a 4.0 scale is required for admission, retention, and completion of the degree.

² A major in Kinesiology and Physical Education (K-12) is required. A major grade point average of 2.7 or higher on a 4.0 scale is required for admission, retention, and completion of the degree. The major consists of 45 credit hours. A grade of C or better is required in all major courses.

³ This Academic Map includes 11 credit hours in required Health Education courses. A grade of C or better is required in all Health Education (H ED) courses. While H ED 2201 First Aid is the only required H ED pre-admission course, a student's grade point average for admission to the Physical Education Teacher Education (PETE) program will be calculated on all required H ED courses completed. First aid and CPR certificate is required until graduation. See Health Education in the current *Undergraduate Bulletin* for minor.

⁴ See appropriate choices, alternatives, or substitutions under "UCA Core" in the *Undergraduate Bulletin*. During the first year, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living. An approved UCA Core lab science and an approved UCA Core math course should be taken in the first two years if possible. The student will also need to complete major, minor, or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core. See entries in this Academic Map for courses within the major that fulfill the UD UCA Core requirements. Courses may be used only once to satisfy the UCA Core. If the ACT sub-score in Reading, English, or Mathematics is below 19, remediation is required before enrolling in certain UCA Core courses. Students needing remediation in reading or writing may not enroll in an FYS until they have completed their remediation. Students must take at least one course in the Fine Arts (designated FA) and one course in Humanities (designated HUM) as part of the lower division core requirements.

⁵ WRTG 1310 must be taken on initial enrollment unless the requirement was already met or remediation is required.

⁶ This course (or an approved alternative) is a required PETE program admission course. Students must earn a C or better.

Notes – *continued*

⁷ COMM 1300 and SPCH 1300 are the same course. Take only one of them.

⁸ BIOL 1440 requires the following prerequisites: High school chemistry or CHEM 1301 (or above) and a composite ACT score of 21 or higher OR BIOL 1400 and CHEM 1301 (or above) with grades of C or higher. Students not meeting the prerequisite requirements must have permission of the Biology Department Chair prior to enrollment.

⁹ Students must submit an electronic or hard copy of the entire score report booklet for each PRAXIS Core test taken (Reading, Writing and Math) regardless of the score earned. To receive a grade in PETE 2300, the scoring booklet must be submitted to the instructor. Failure to pass PRAXIS Core tests will delay admission to the PETE program and completion of the degree.

¹⁰ Students must earn a C or better.

¹¹ In addition to PSYC 1300 General Psychology, students must complete an additional Social Science course (designated SS) in either the Diversity in World Cultures or in Responsible Living. H ED 2320 Mental Health in Responsible Living category fulfills this requirement and is required by the H ED.

¹² Course requires admission to the PETE program.

¹³ Prerequisite required (C or better in PHYS 1400 or CHEM 1402 or 1450).

¹⁴ Prerequisite required (C or better in EXSS 2381).

¹⁵ Prerequisite required (C or better in EXSS 3303)

¹⁶ Students are required to submit a copy of their registration for PRAXIS II Subject Area Assessment tests in order to receive a grade in PETE 4380

¹⁷ Students are required to pass PRAXIS II Subject Area Assessment tests PRIOR to enrolling in PETE 4690 and PETE 4691. Students must submit an electronic or hardcopy of the entire score report booklet for each PRAXIS II tests taken regardless of the score earned.
