Scholarship recipients: Please be aware of eligibility criteria for your scholarship(s). In particular, pay attention to (1) the enrollment requirements each semester for disbursement of your scholarship(s) and (2) the number of hours and GPA required each semester and/or year for renewal of your scholarship(s). Some Academic Maps may suggest enrollment in fewer hours than required for disbursement of your scholarship(s). In such cases, work with your academic advisor to adjust your schedule to meet requirements most efficiently. Contact the Office of Student Financial Aid at (501) 450-3140 with any questions regarding enrollment/renewal requirements of your scholarship(s). For online information resources, see endnote ¹.

Notes

¹ See online information resources for UCA scholarships at <https://uca.edu/scholarships/> and for state scholarships at <https://scholarships.adhe.edu/scholarships-and-programs/a-z/>.

² See appropriate choices, alternatives, or substitutions under “UCA Core” in the Undergraduate Bulletin. During the first year, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living. An approved UCA Core lab science and an approved UCA Core math course should be taken in the first two years if possible.

The student will also need to complete major, minor, or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core. See the [Department of Psychology and Counseling](#) page in the *Undergraduate Bulletin* for courses within the major that fulfill the UD UCA Core requirements.

³ PSYC 1300 General Psychology must be taken prior to other PSYC courses. We recommend that PSYC 2330 (Statistics) be taken during the 3rd semester. PSYC 2330 must be taken prior to PSYC 3332, and PSYC 3332 must be taken prior to PSYC 3340.

⁴ PSYC 2330 Psychological Statistics (see Semester 4) may be used as a mathematics course to complete half of the BS Special Degree Requirement; we recommend that an additional three-hour mathematics course, selected in consultation with the student’s academic advisor, be used to fulfill the other half the BS requirement. If other choices are made to complete the BS requirement, the total number of general electives will need to be adjusted. For a description of the options for fulfilling this requirement, see <https://uca.edu/ubulletin/general-policies-information/degree-requirements/#sec020206>.

Notes – *continued*

⁵ This Academic Map includes 24 credit hours in the Minor field of study. Minor requirements range from 15 to 27 credit hours; the student will need to adjust the number of general elective and minor elective credit hours in this plan as needed depending upon the chosen minor field of study.
