Scholarship recipients: Please be aware of eligibility criteria for your scholarship(s). In particular, pay attention to (1) the enrollment requirements each semester for disbursement of your scholarship(s) and (2) the number of hours and GPA required each semester and/or year for renewal of your scholarship(s). Some Academic Maps may suggest enrollment in fewer hours than required for disbursement of your scholarship(s). In such cases, work with your academic advisor to adjust your schedule to meet requirements most efficiently. Contact the Office of Student Financial Aid at (501) 450-3140 with any questions regarding enrollment/renewal requirements of your scholarship(s). For online information resources, see endnote ¹.

Notes

¹ See online information resources for UCA scholarships at <https://uca.edu/scholarships/> and for state scholarships at <https://scholarships.adhe.edu/scholarships-and-programs/a-z/>.

² See appropriate choices, alternatives, or substitutions under “UCA Core” in the Undergraduate Bulletin. During the first year, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living. An approved UCA Core lab science and an approved UCA Core math course should be taken in the first two years if possible.

The student will also need to complete major, minor, or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core. See entries in this Academic Map for courses within the major that fulfill the UD UCA Core requirements (D, I, and Z—and C if SOC 3320 is used for Research Methods). Consult the *Undergraduate Bulletin* and your academic advisor for other available UD UCA Core courses to fulfill the additional requirements (R—and C if PSYC 3332 is used for Research Methods).

³ This course fulfills the LD UCA Core requirement in Responsible Living. It is recommended that, if possible, the student enroll in an FYS section of this course to fulfill the FYS requirement.

⁴ BIOL 2405 and 2411 fulfill the BS special degree requirement. For further details about the BS Science/Math requirement, see the *Undergraduate Bulletin*, “Degree Requirements,” § 2.2.6, Bachelor of Science.
