**Scholarship recipients:** Please be aware of eligibility criteria for your scholarship(s). In particular, pay attention to (1) the enrollment requirements each semester for disbursement of your scholarship(s) and (2) the number of hours and GPA required each semester and/or year for renewal of your scholarship(s). Some Academic Maps may suggest enrollment in fewer hours than required for disbursement of your scholarship(s). In such cases, work with your academic advisor to adjust your schedule to meet requirements most efficiently. Contact the Office of Student Financial Aid at (501) 450-3140 with any questions regarding enrollment/renewal requirements of your scholarship(s). For online information resources, see endnote <sup>1</sup>.

**To be completed by the advisor when an Eight-Semester plan is accepted by the student:**

If applicable, has student selected a minor? Type “x” as appropriate. \_\_\_\_\_ No \_\_\_\_\_ Yes

If “yes,” specify: \_\_\_\_\_

**Notes**

<sup>1</sup> See online information resources for UCA scholarships at <https://uca.edu/scholarships/> and for state scholarships at <https://scholarships.adhe.edu/scholarships-and-programs/a-z/>.

<sup>2</sup> See appropriate choices, alternatives, or substitutions under “UCA Core” in the *Undergraduate Bulletin*. During the first year, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living. A lab science (BIOL 1400 or a Physical Science) and MATH 1360 should be taken in the first year if possible. Students who have already earned credit for another 1000-level MATH course (i.e., concurrent credit, CLEP, AP, transfer, etc.) may substitute that course for MATH 1360. PSCI 1330 is recommended for LD UCA Core: Inquiry and Analysis: American History and Government.

The student will also need to complete major, minor, or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core. See annotations in this Academic Map for courses within the major that will fulfill some of these requirements. For other available courses, consult the *Undergraduate Bulletin* and your academic advisor.

<sup>3</sup> A regional course is required. The student may use any one of the following: GEOG 3300 World Regional Geography (fall, odd years), GEOG 3315 Geography of Latin America (Spring, even years), GEOG 3345 Geography of China and East Asia (Spring, odd years), GEOG 3380 Geography of Arkansas (Fall, even years), or GEOG 4390 Historical Geography of North America (Fall, odd years).

<sup>4</sup> Preference is for GEOG 2330; credit for only one introductory statistics course allowed. Approved introductory statistics courses include GEOG 2330, MATH 2311, PSCI 2312, PSYC 2330, CISA 2330, and SOC 2321. Students must complete a 1000-level MATH course before enrolling in GEOG 2330.

Notes – *continued*

<sup>5</sup> This Academic Map includes 21 credit hours in the Minor field of study. Minor requirements range from 15 to 26 credit hours. Depending on the minor selected, the student will need to adjust the number of general elective and minor elective credit hours in this plan.

<sup>6</sup> Choose 1 from GEOG 3301, GEOG 3333, GEOG 4304, GEOG 3325, or GEOG 4313.

<sup>7</sup> An Upper-Division Geospatial Technology course is required. The student may use any one of the following: GEOG 3319 Geographic Field Techniques (Fall), GEOG 4307 GIS in Practice: Locational Analysis & Decision Making in GIS (Spring), or GEOG 4309 GIS in Practice: Environmental Applications (Fall).
