Scholarship recipients: Please be aware of eligibility criteria for your scholarship(s). In particular, pay attention to (1) the enrollment requirements each semester for disbursement of your scholarship(s) and (2) the number of hours and GPA required each semester and/or year for renewal of your scholarship(s). Some Academic Maps may suggest enrollment in fewer hours than required for disbursement of your scholarship(s). In such cases, work with your academic advisor to adjust your schedule to meet requirements most efficiently. Contact the Office of Student Financial Aid at (501) 450-3140 with any questions regarding enrollment/renewal requirements of your scholarship(s). For online information resources, see endnote 2.

Notes

¹ This Academic Map (AMAP) includes 24 credit hours in the Minor field of study. Minor requirements range from 15 to 26 credit hours. Depending on the minor selected the student will need to adjust the number of general elective and minor elective credit hours in this AMAP.

² See online information resources for UCA scholarships at <https://uca.edu/scholarships/> and for state scholarships at <https://scholarships.adhe.edu/scholarships-and-programs/a-z/>.

³ See appropriate choices, alternatives, or substitutions under “UCA Core” in the Undergraduate Bulletin. During the first year, a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity, or Responsible Living. An approved UCA Core lab science and an approved UCA Core math course should be taken in the first two years if possible. Students may complete the lower-division core classes in any semester that suits their academic needs except as specified in this document.

⁴ If you have any prior language experience in Spanish, French, or German that is not AP language credit, please take the free language placement exam from any computer by visiting <https://uca.edu/wlan/placement/> before registering for classes and enroll in the level of your placement. If you have prior language experience in Chinese or Japanese, please email lllc@uca.edu for placement. Your placement might also qualify you to apply for “Credit by Examination”—college credit for previous coursework—after passing your first language course. Email lllc@uca.edu to learn more. Students with no previous experience with a foreign language, and depending on the choice of Option One or Option Two, may need to enroll in up to six hours of lower-level instruction to prepare for this requirement. These courses are provided for in semesters 1 and 2. Work with your academic advisor to make any necessary adjustments.

⁵ MATH 1360 should be completed in the first year in either the first or the second semester. Students who have already earned credit for another 1000-level MATH course (i.e., concurrent credit, CLEP, AP, transfer, etc.) may substitute that course for MATH 1360. Students who have not completed a 1000-level MATH course must enroll in MATH 1360.

⁶ GERM 1310 and CHIN 1410 are not offered during spring semesters.

⁷ GERM 1320 and CHIN 1420 are not offered during fall semesters.

⁸ Students are required to take upper division courses that address outcomes in each of the four areas of the UCA Core: Diversity (D), Critical Inquiry (I), Communication (C), and Responsible Living (R). These courses may count as major, minor, or elective requirements, and one course may satisfy up to two Core requirements, as long as the outcomes for both areas are assessed. The UCA Core capstone requirement will, in addition to any disciplinary goals and outcomes, address certain UCA Core goals and outcomes in Critical Inquiry, Communication, and Collaboration. See entries in this Academic Map for courses within the major that fulfill the UD UCA Core requirements. Consult the *Undergraduate Bulletin* and your academic advisor for other available UD UCA Core courses.

⁹ The number of general elective credits in the final semester may be adjusted to complete 120 hours depending on the language choices made in semesters 1 and 2.
