To register for your contest:

1. Browse to <https://mymathtest.com>.
2. Look for the Register Now area and click on “Student”.
3. Click on “Register for a course”.
4. Enter your Program ID based off the above options. Click “Continue”.
5. Create a new Pearson Account. (Or log in using your existing Pearson account if you have one.)
6. Enter your information.
 - a. Use your school email address.
 - b. Use the same email address as your username.
 - c. Enter your name and other questions.
 - d. Use a password you can remember later.
 - e. Answer other questions as indicated.
7. Enter the Access Code found above.
8. Finish your registration.

After you’re finished, return to <https://mymathtest.com>.

- Login using your username and password. You may need to click on “Enter MyMathTest”.
- You may need to enter your Program ID again, listed above.
- Look for a “Technology Demonstration” assignment under “Take a Test”.
 - It will be available starting on April 10th.
 - This will help learn how the MyMathTest system works. You can practice with question navigation and answer entry.
 - You may need to allow pop-ups for the Pearson domains.
 - If your computer can run the Tech Demo, it should also load the contest itself.
