Bruce D. Bear and Sugar Bear go to UCA.
They plan to be physical therapists someday.

All day long, they do their best. They study
hard to ace their tests.

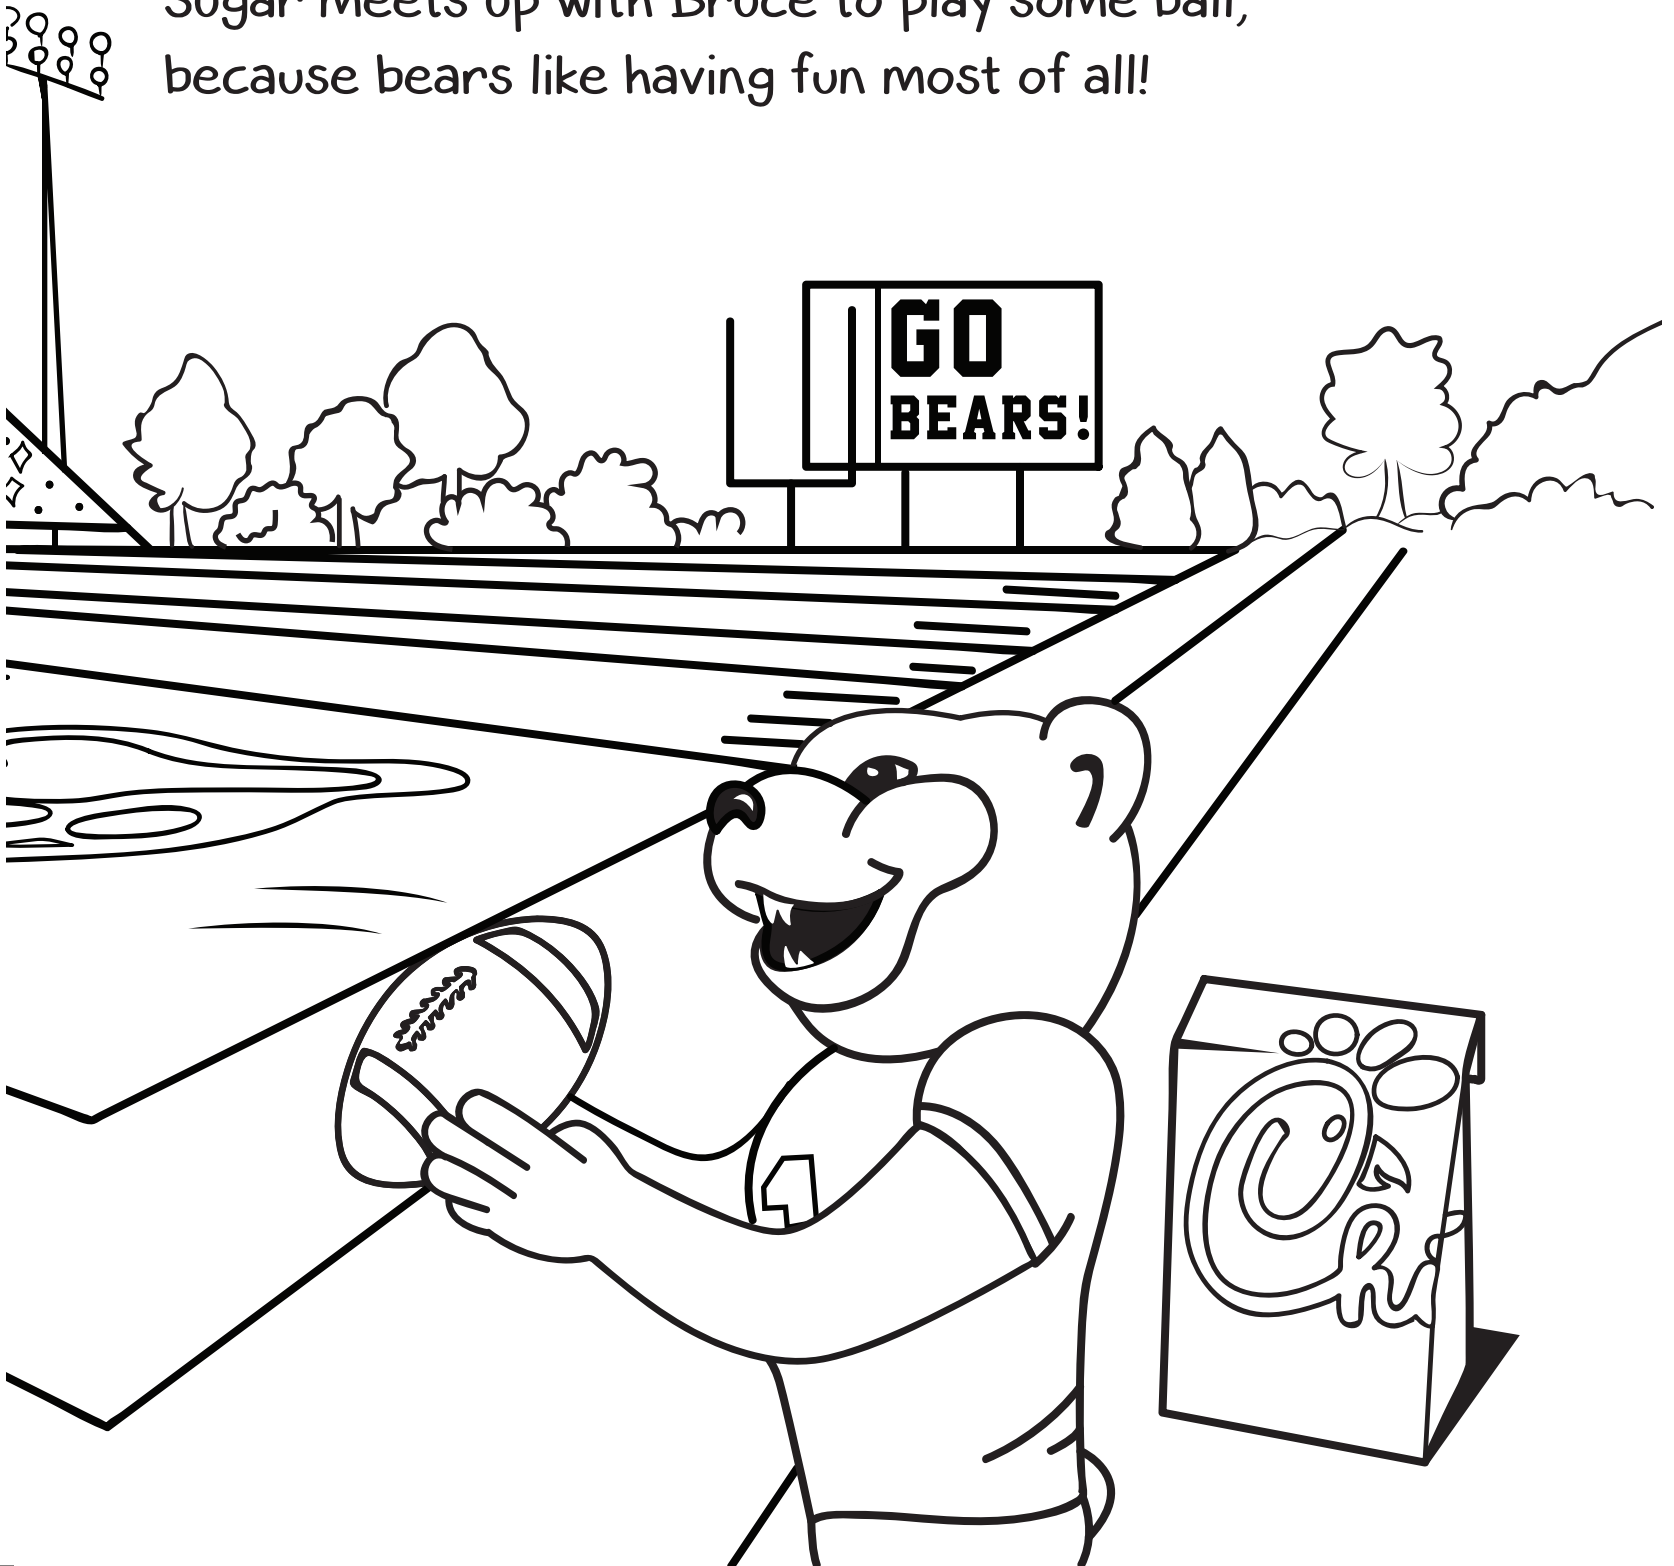

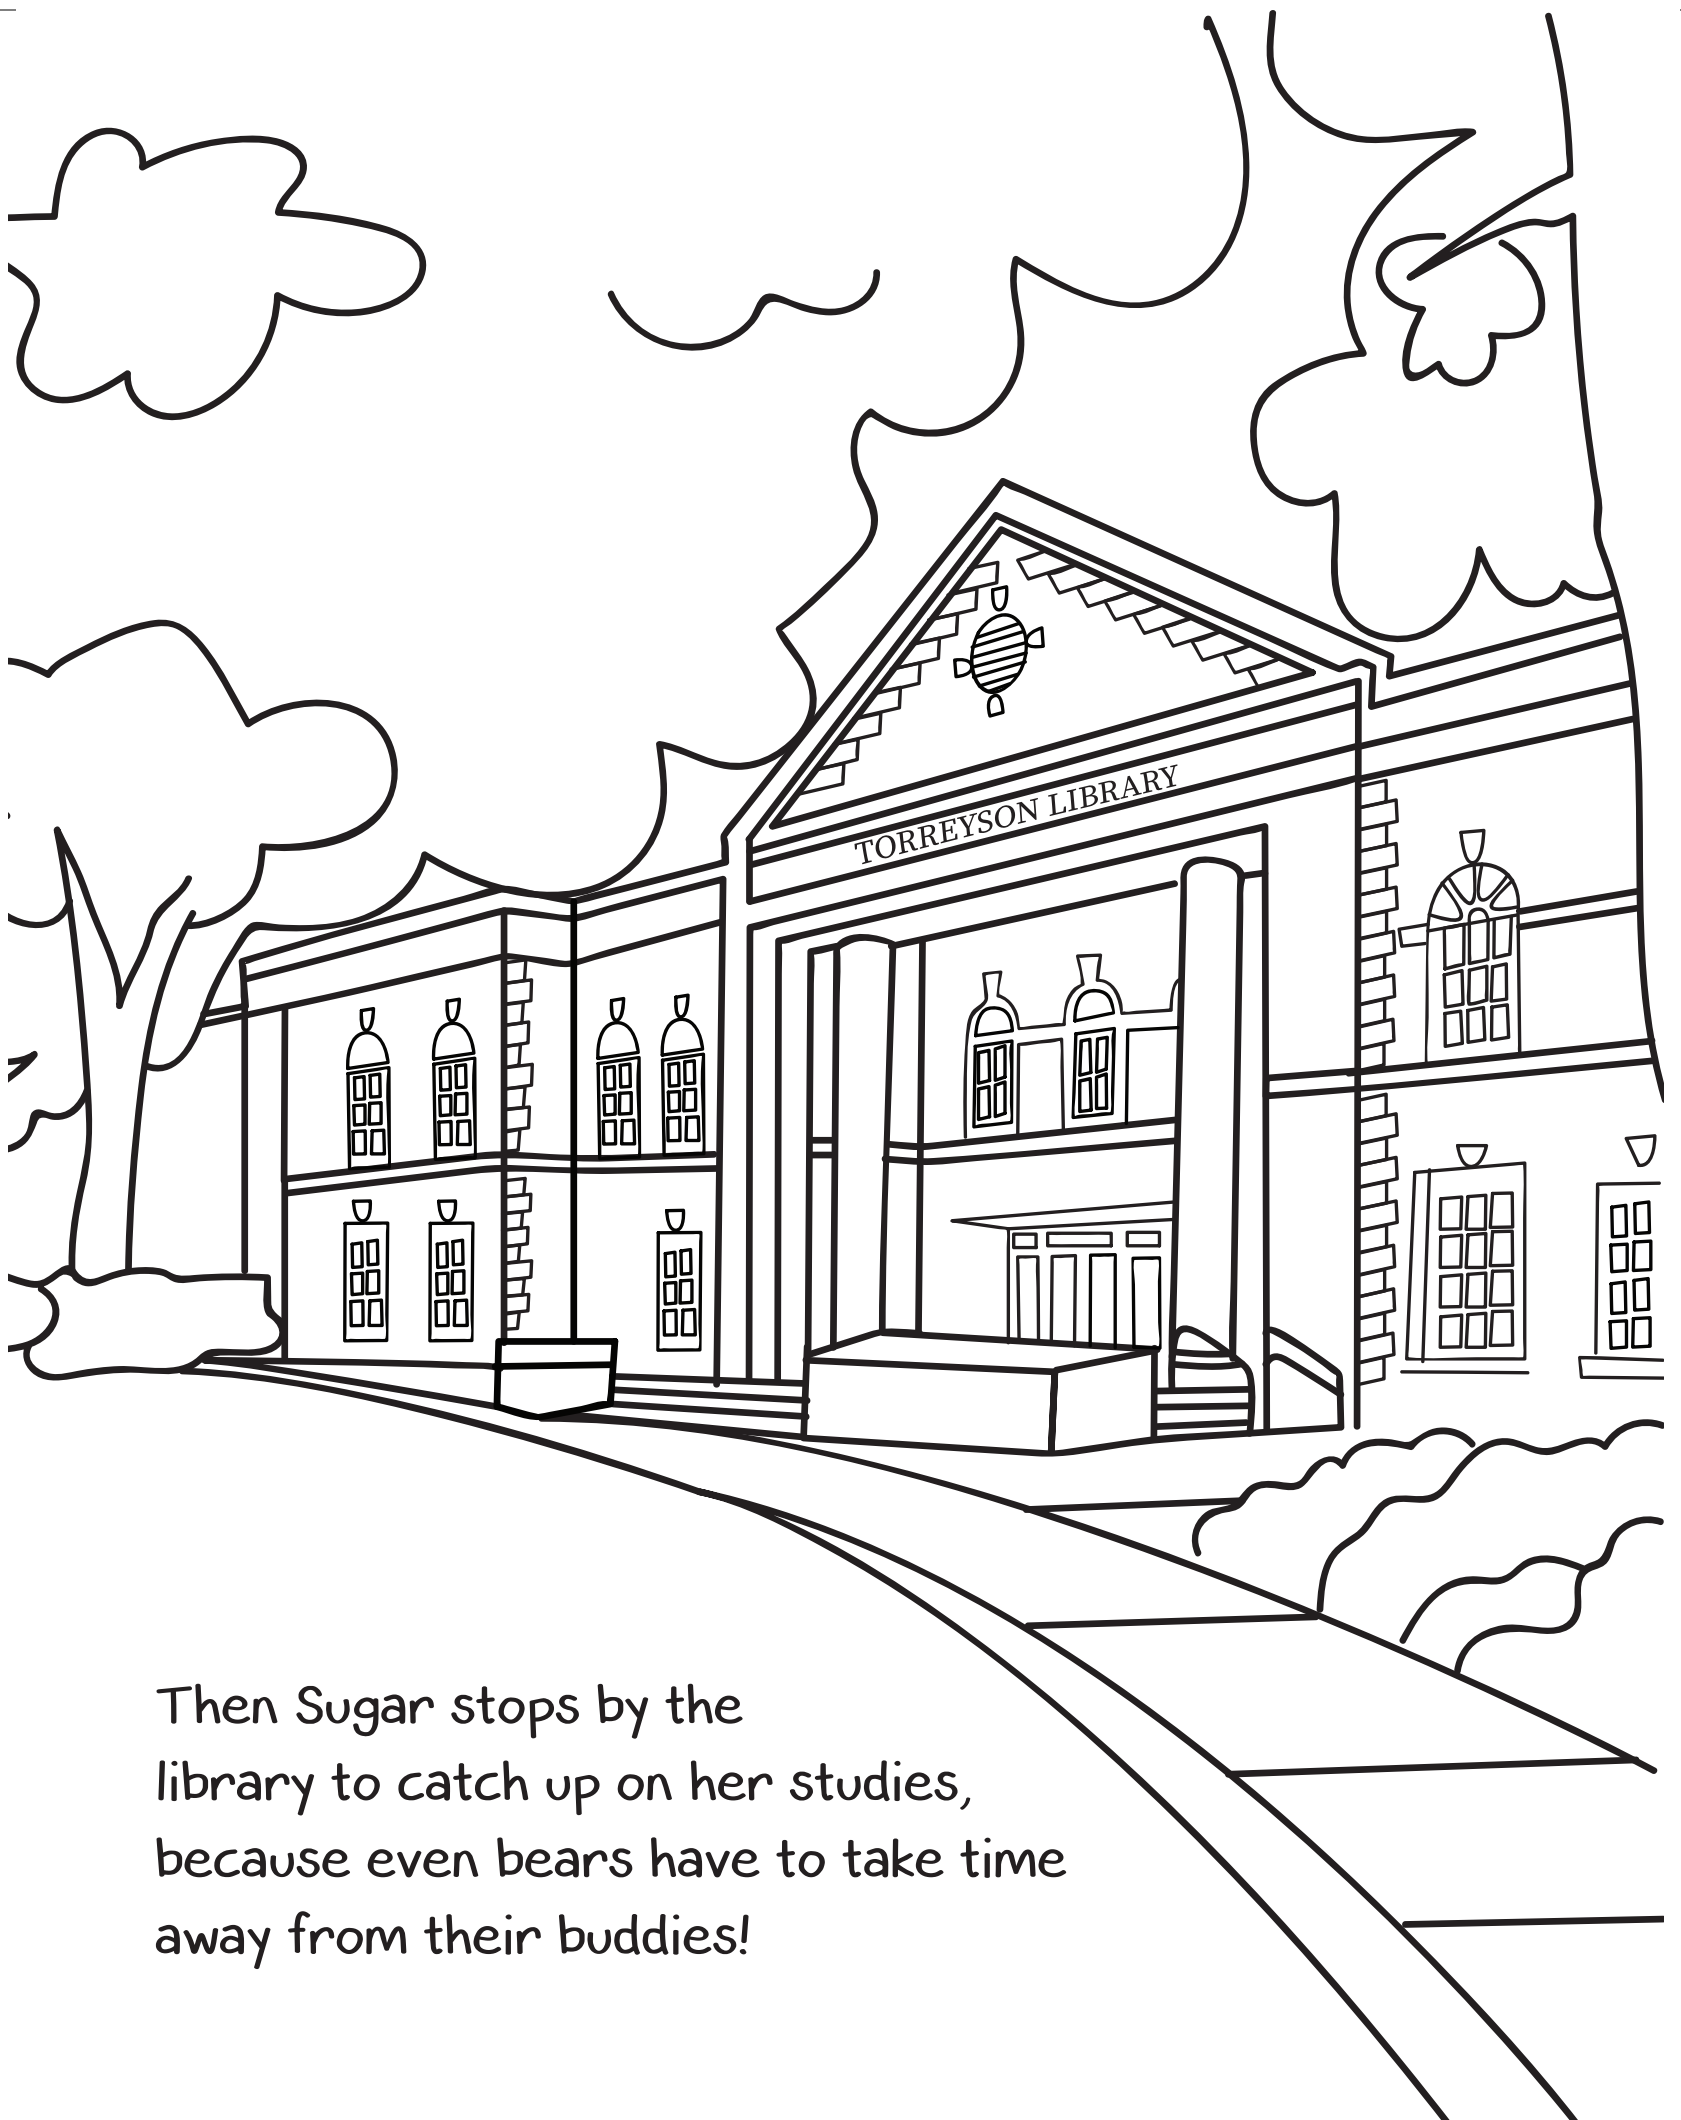

Bears get good grades and try hard too, but sometimes they need a break from school...

So Bruce grabs some lunch at Chick-Fil-A then heads to the football field to run and play.

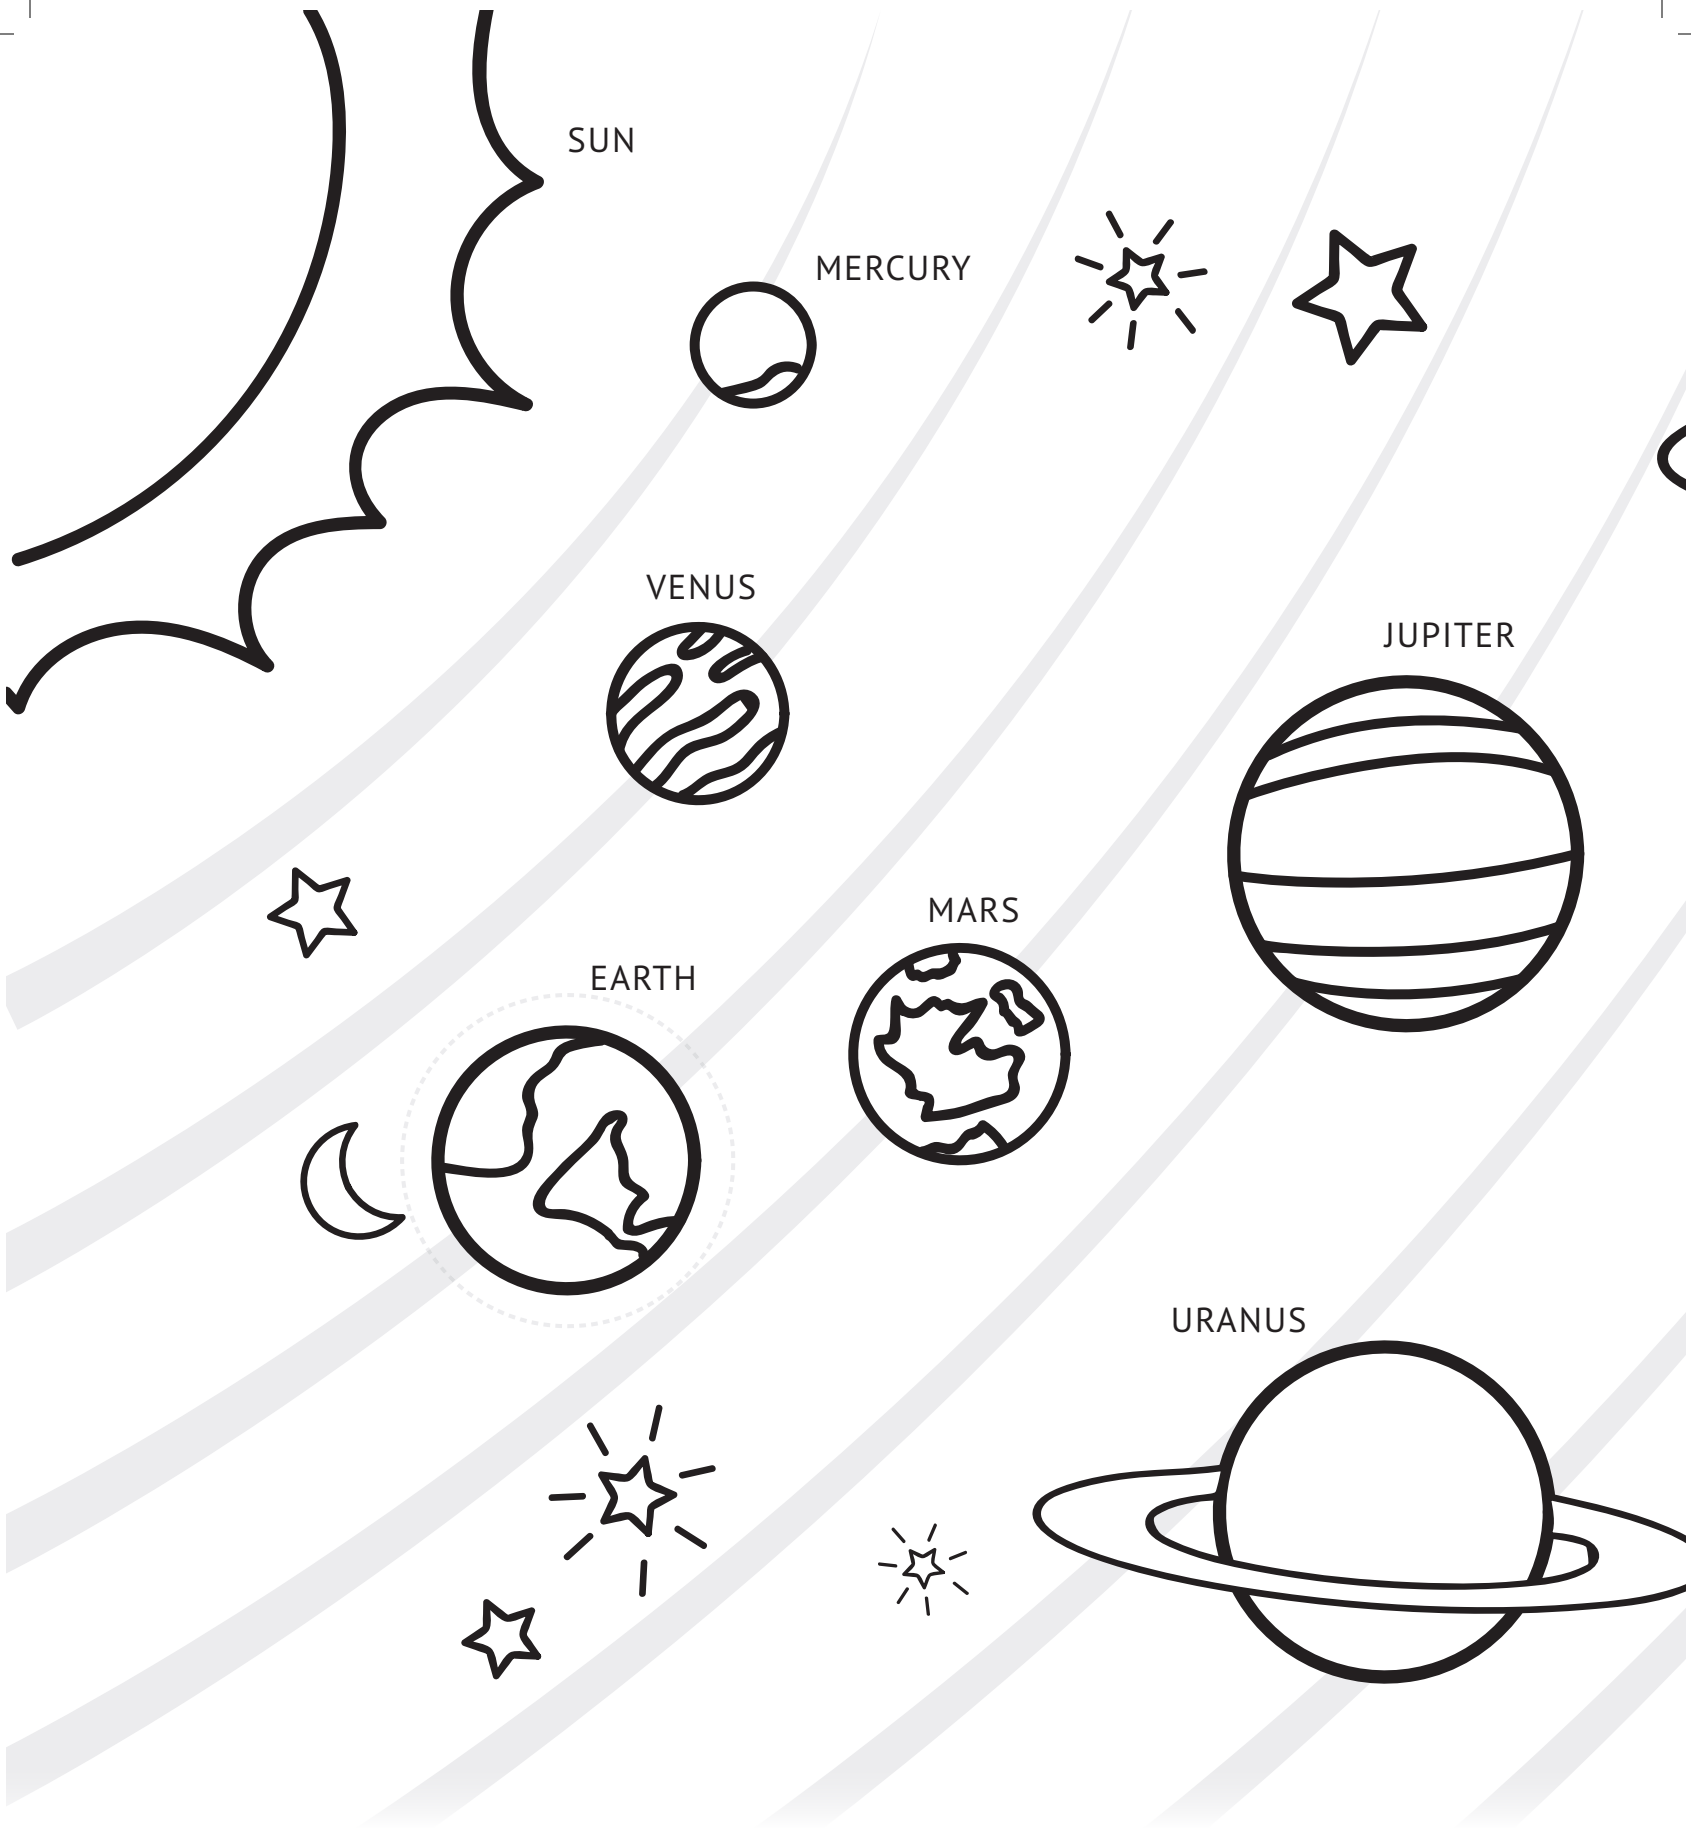

Sugar meets up with Bruce to play some ball, because bears like having fun most of all!

Then Sugar stops by the library to catch up on her studies, because even bears have to take time away from their buddies!

Bruce sure is tired after his long day,
but he drops by the planetarium anyway!

because Sugar and Bruce always do their best.

Now it's time to graduate!
