

## Tentative BIOL 1400/1401 lab schedule: Fall 2021 GROUP B

Students: Each lab section has a maximum of 24 students enrolled, but we have divided each section into a Group A (no more than 12 students) and a Group B (no more than 12 students) that will attend lab in person on alternating weeks. This format is designed improve safety by allowing for distancing in the lab rooms. Your course instructor will explain how to determine whether you are in Group A or Group B, but that grouping does not change the day and time when your lab meets. During weeks when your group is scheduled to attend lab in person, *you will attend the lab section that you selected when you registered for this course (check your UCA schedule).*

<b>Week</b>	<b>Lab group B Investigations</b>
Sep. 13-17	NO LAB (Group A is meeting in person this week)
Sep. 20-24	Investigation 1 in lab ("How observant are you?")
Sep. 27-Oct. 1	Investigation 12 on your own: instructions will be provided ("What is the Jewel Moore Nature Reserve?")
Oct. 4-8	Investigation 2 in lab ("What have your eyes been missing?")
Oct. 11-15	Investigation 7 on your own: instructions will be provided ("How much is too much?")
Oct. 18-22	NO LAB (due to Fall Break)
Oct. 25-29	Investigation 3 in lab ("What effect does ethanol have on heart rate?")
Nov. 1-5	Investigation 6 on your own: instructions will be provided ("What factors affect reaction time?")
Nov. 8-12	Investigation 4 in lab ("How can chemical tests be used to detect nutrients in foods?")
Nov. 15-19	Investigation 8 on your own: instructions will be provided ("Why does Mendel still matter?")

END OF LABS FOR GROUP B
