III. MINUTES

Minutes of the July 23, 2020, board meeting, which can be found on UCA's website, were distributed to board members for review prior to the August 14, 2020, board meeting.

VI. ACTION AGENDA

A. Property Acquisition – 353 Watkins Street, Conway, Arkansas

Phillip Lewis and Cara Jo Duren own the house located at 353 Watkins Street. The house was built in the 1930s and is approximately 1,410 square feet. The total area of the property is approximately 11,400 square foot. The property is located one block from Donaghey Avenue at the intersection of Martin Street and Watkins Street. The University also owns the adjacent property at 359 Watkins Street. The University plans to utilize the existing structure.

The University has signed an offer and acceptance with the owners for \$160,000. The agreement requires that the closing occur by August 31, 2020. The closing of the proposed acquisition is conditioned upon the approval of the Board of Trustees.

Therefore, the president recommends to the Board of Trustees the following resolution:

“BE IT RESOLVED: That the Board of Trustees approves the transaction described above with Phillip Lewis and Cara Jo Duren for the sale and purchase of a house with a street address of 353 Watkins Street, Conway, Arkansas, for the sum of \$160,000, and the president and such other officials of the University of Central Arkansas, as the president may from time-to-time designate, are hereby authorized and directed to enter into and execute such other documents, agreements and instruments as are necessary and required to consummate the foregoing purchase.”

VI. ACTION AGENDA

B. Board Policy No. 321 - Change in Credit-Hour Requirements: Bachelor of Music Education (BME)

The Department of Music in the College of Arts, Humanities, and Social Sciences has proposed that the number of required credit hours in its BME program be increased from a maximum of 125 credit hours (a range of 123–125) to a maximum of 130 (a range of 126–130). The ranges reflect differences among the concentrations within the program.

The proposal grows out of a recent audit that revealed that unlike majors in other music programs, those in the BME program were not, in the published curriculum, required to complete sufficient applied music lessons to prepare them for the program's capstone requirement (senior recital/senior project) and, thus, for a profession in music education. The department's proposal presents clear and accurate information to students and the public and meets accreditation standards of the National Association of Schools of Music for music education programs.

Approval of this change in program credit-hour requirements will necessitate approval for a change in Board Policy 321. This change is reflected in the resolution below.

All appropriate university councils and administrators have recommended approval of the change in credit-hour requirements for the BME proposed by the Department of Music.

Therefore, the President recommends to the Board of Trustees the following resolution:

BE IT RESOLVED: That the Board of Trustees hereby approves the increase in credit-hour requirements for the Bachelor of Music Education to a maximum of 130 and approves inclusion of the change in credit hour requirements in Board Policy 321.
