Overview

Our mission is to provide high quality business education to our undergraduate and graduate students through the delivery of a current and responsive curriculum that promotes intellectual and professional development. We promote excellence through our scholarly endeavors and service to our stakeholders through strong engagement with the regional and global business community.

Mission attainment, strategic growth, and the responsible utilization of resources require shared governance and continuous improvement. These objectives are accomplished through a coordinated series of activities including the identification of desired outcomes, the implementation of processes/procedures towards those outcomes, and routine assessment to determine the extent to which desired outcomes are attained. It is through this continuous improvement process that problems and opportunities are identified and addressed to improve future performance. The College of Business at the University of Central Arkansas utilizes this system to continuously improve operations.

This process utilizes a series of committees as outlined in this document. Included are the purpose, specific duties, and composition of each committee. Several key faculty committees are responsible for the oversight of various aspects of the operations of the College, including making recommendations for change. The Mission and Strategic Planning Committee is responsible for monitoring and reviewing the relevance of the mission and strategic plan of the College as well as developing strategies to monitor and achieve them. The Faculty Development and Research Committee is responsible for recommending and reviewing faculty qualification and performance standards pertaining to teaching, research, and service. The College Curriculum and Assessment Committee is responsible for oversight of the curriculum management process including continuous improvement efforts aimed towards curriculum development and assurance of learning.

The three committees described above funnel recommendations through the Executive Committee, which consists of the Dean, Associate Dean, MBA Director, and the Department Chairs. The Executive Committee is the primary advisory body regarding the implementation of new policies. Additionally, the Executive Committee serves as the primary steering committee to direct the efforts of other committees involved in the continuous improvement process. Due to its importance, the committee has leadership representation from all departments in the College.

Other standing committees in the College include Department Promotion and Advancement Committees as well as the College Promotion & Tenure Committee. There are also ad-hoc committees (e.g., Student Engagement, Faculty Excellence Award, MBA Graduate Policy, MAcc Graduate Policy) to address specific College or University needs. Some College committees have counterpart committees at the University level; the College committees will work closely with and support these University committees. If feasible, a faculty member serving on the College committee will be appointed to serve as the College’s representative on the University committee.
Committee Selection and Operation

If there are specific guidelines with regard to departmental representation on a committee, the Dean will solicit input from the respective department chairpersons in the form of nominations for the vacant position. Other committee appointments will be made in a manner that is consistent with the information included in the committee charge. In the event that a committee member is unable to serve the entire term of their appointment, a replacement committee member will be appointed or elected (as specified in the committee charge) to serve the remainder of the term.

Unless otherwise specified, committee meetings and procedures will follow parliamentary procedures as described by *Robert’s Rules of Order Newly Revised*. 
Executive Committee

**Purpose:** This committee is charged with overall operations and management of the College. This committee will review action items submitted by the COB Strategy Committee for feasibility and appropriateness given the resource constraints that may be in place at a specific point in time. This committee will also monitor and review the actions of the Curriculum and Assessment Committee and the Faculty Development Committee.

**Duties:**
1. Be familiar with relevant accreditation standards.
2. Regularly monitor the relevance of the College’s mission and strategic plan, solicit input from other advisory committees and constituents, and initiate the revision process as needed.

**Advisory Boards and Alumni Committees**

**Accounting Advisory Board:** The Accounting Advisory Board members are selected from the accounting profession to provide feedback on issues specifically related to accounting education. Many of these board members are with regional firms that employ numerous accounting graduates.

**COB Advisory Board:** COB Advisory Board members are selected from a variety of local and national businesses and asked to serve a period of three years. The COB Dean attempts to get a cross-section of business and community leaders that represent all constituents. This group consists of local business leaders and members from firms that consistently employ UCA COB graduates. This board will meet routinely. The purpose of the COB Advisory Board is to provide input on selected issues facing the COB including but not limited to VMV, strategic action items, and the needs of the business community.

**COB Alumni Committee:** The COB Alumni Chapter supports scholarships, student recruitment, and community activities.

**COB Student Advisory Board:** The COB Student Advisory Board membership consists of the students from every degree program and senior club officers from every Recognized Student Organization (RSO) in the College of Business. This board will be utilized to provide student input on selected issues facing the COB including but not limited to VMV issues, strategic action items, and other student needs and concerns. This board will meet with the Dean and/or Associate Dean at least one time per semester.
