

### Vision for the UCA Department of Chemistry

The Department of Chemistry at the University of Central Arkansas aspires to be the best undergraduate chemistry program in the state of Arkansas, and one of the best in the nation, as the result of documented and recognized excellence in teaching, scholarship, undergraduate research, and service.

### Mission of the UCA Department of Chemistry

The mission of the Department of Chemistry at the University of Central Arkansas is to prepare its undergraduate students for professional life after graduation by providing them the highest quality, comprehensive education, including research, scholarship, and personal mentoring. Additionally, the department contributes to the field of chemistry and serves the community at large.
