

HAND SANITIZER PROTOCOLS

- The Centers for Disease Control and Prevention recommends the use of a hand sanitizer that contains at least 60% alcohol when soap and water are not readily available.
- When using hand sanitizer, cover all surfaces of your hands and rub them together until they feel dry.

For more information on how to protect yourself and others, visit the CDC website at <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/prevention.html>
