Dear Faculty and Staff:

I am delighted to announce that Conway Regional Medical Center (CRMC) and Baptist Health - Conway (BH-C) have partnered to ensure a sufficient quantity of COVID-19 vaccinations next week to cover the remainder of UCA employees that would like to be vaccinated.

Vaccinations will be scheduled for **Tuesday (Feb. 2)**, **Thursday (Feb. 4)**, and **Friday (Feb. 5)** and will be administered in Conway Regional's new Medical Office Building. Recipients will go to the first floor of Building 4 (map attached). Upon entry, scheduled recipients will proceed straight and be greeted for a brief screening and then be directed to the area where vaccines will be given.

These appointments will only be available to UCA, Hendrix, and CBC employees. You will be required to show your UCA ID during the check-in process in order to receive the vaccine.

To register for the vaccination, please complete the [form at this link](#) as soon as possible. **DO NOT** share this registration form with anyone else, as it is only intended for use by the recipients of this email. Some UCA students may qualify for vaccinations under the 1B schedule, but those students will be notified via a separate email communication next week.

A few things to know as you prepare to receive your vaccination:

- Attached is a consent form for your review in advance of your appointment. CRMC will provide you with a copy of this consent form to complete when you arrive for your vaccination. **You do not need to complete it before you arrive.**
- Bring your **UCA ID** to your vaccination appointment. You will not be required to pay any out-of-pocket costs to receive the shot.
- Plan to spend approximately 30 minutes at the hospital. You will have to be checked in and then there is a 15-minute observation period once you receive the vaccination.
- Be mindful of the clothing that you wear to the appointment. The clinician will need easy access to your upper arm.
- This is a two-dose vaccination. More information on the Pfizer vaccination is attached for your review. You will be required to report back to Conway Regional in approximately three weeks to receive the second dose of the vaccine, which will ensure the effectiveness of your inoculation.
- BeWell participants may earn 25 Lifestyle Rewards by uploading a copy of their vaccination card to myHealthCheck360.
- All vaccine recipients should continue to follow COVID-19 precautions (masks, distancing, and hygiene).
- The Arkansas Department of Health has published an informative guide that covers common questions and answers regarding the COVID-19 vaccines. Visit: <https://www.healthy.arkansas.gov/programs-services/topics/covid-19-vaccine-faqs>

Any questions regarding this email should be directed to [coronavirus@uca.edu](mailto:coronavirus@uca.edu).

Sincerely,

Houston Davis  
President
