

College of Natural Sciences and Mathematics  
Council of Chairs Virtual Meeting Minutes  
January 24, 2022

**Agenda Items:**

- Currently there is a surge in COVID cases, therefore faculty should be flexible with the students.
- Student Research Symposium which is currently scheduled as an onsite conference, April 22, 2022, there may be a potential need to pivot to virtual.
- Currently the Student Research Fund has been depleted.
- The timetable for reviews has been moved up and encourages faculty to get their applications submitted before the deadline.
