

37th Annual Betty Fusilier Conference on Communication Disorders

IDENTIFYING & TREATING ELEPHANTS IN THE ROOM: AN EXECUTIVE DYSFUNCTION BOOTCAMP

This presentation will examine the innerworkings and neural substrates of neurotypical executive function. We will then discuss symptoms of executive function in the classroom, the therapy room, and at home. Time will be allotted to discuss therapeutic approaches to executive dysfunction intervention, both on skill building techniques and compensatory strategies.

The afternoon sessions will have a focus on executive dysfunction in the fetal alcohol spectrum disorder population, including how to identify it and how to conduct FASD-specific interventions. And finally, we will wrap up the bootcamp with several case studies.

Check in: 7:45-8:15

Speaker: 8:15-10:00 (Cognition and Executive Function in Children)

Break: 10:00-10:15

Speaker: 10:15-11:30 (Intervention Strategies and Behavioral Approaches for Children with Executive Dysfunction)

Lunch (on your own): 11:30-1:00

Speaker: 1-2:30 (FASD Overview and Diagnostics)

Break: 2:30-2:45

Speaker: 2:45-4:15 (Case Studies: Diagnosis and Intervention)

Speaker: 4:15-4:30 (Questions and closing remarks)

ELIZABETH CLEVELAND, PHD, CCC-SLP

Dr. Cleveland is an assistant professor at the University of Central Arkansas in the Department of Communication Sciences and Disorders. She is also the Co-Director of the Specialty Diagnostic Resource Center, the Director of Training for the Arkansas Leadership Education in Neurodevelopmental Disabilities (LEND) training program, and the President of the Arkansas Speech-Language Hearing Association. In addition to her teaching and service activities, Dr. Cleveland also conducts research in fetal alcohol spectrum disorders (FASD) with a specific focus on executive dysfunction in FASD. She has presented on FASD at the state, national, and international levels and is the most recent recipient of the ArkSHA Research Award. She spends her free time traveling, baking, and playing with her two children and her husband.
