

1. Annual Faculty and Staff Compliance Training
 - In recent years, participation in on-site compliance training has declined.
 - Charlotte Strickland, UCA Professional Development and Training Coordinator, is working with academic college deans to identify options for providing opportunities for department-wide, on-site trainings at the beginning of the school year in an effort to increase convenience and accessibility for faculty and staff.

2. Classroom Technology
 - The provost's office has received a significant number of requests for replacement/updated instructional technology equipment for classrooms
 - Work is ongoing to identify several variations of standard sets of instructional technology items that will be appropriate for the general classroom as options for equipping classrooms.
