Concurrent for Term

Year

An undergraduate student may be permitted to register concurrently for graduate credit for the semester or session in which requirements will be completed for a baccalaureate degree, providing that the following conditions are met:

1. The student has filed an Application for Concurrent status at least six weeks prior to registration;
2. The student's total credit load (graduate and undergraduate courses) will not exceed 15 credit hours during the semester of concurrent registration;
3. During the semester of concurrent registration, the student enrolls in all courses required for graduation;
4. The student has an undergraduate grade point average of at least 2.700

Concurrently enrolled students are not admitted to Graduate School, nor are they guaranteed admission to a graduate program. The academic department must contact the Graduate School to register concurrent students in their graduate level courses.

Concurrent students who fail to graduate at the end of the semester will not be allowed to enroll in further graduate level courses.

Concurrently enrolled students should be aware that the concurrent admission status can alter financial aid awards. For specific information consult the Financial Aid Office (501-450-3140).
