

Career Opportunities

A wide variety of career opportunities are available for graduates with a major in dietetics / nutrition.

Graduates receiving placement in a dietetic internship and completing an accredited dietetic internship program are eligible to write the registration exam to become a registered dietitian (RD).

The **RD credential** proves a wide range of placement opportunities in:

- * Clinical-Hospitals, Nursing Homes
- * Community-WIC, Wellness Centers
- * Food Companies
- * Health Department

The **graduate** in dietetics/nutrition not seeking a dietetic internship also has numerous career opportunities, as well as, a sound basic nutrition, health and science background for careers in numerous health related careers.

Examples of career opportunities include:

- * Dietetic Assistant in hospitals,
- * Nursing homes, wellness centers.
- * Cooperative extension Service
- * Alternative Teacher Certification Program in Family & Consumer Sciences Education
- * Wellness Counselor
- * WIC-Assistant Coordinator
- * Catering
- * Sales Representative for Food & Nutrition in business and industry.
