Catalog Year  
2024-2025

This document is designed as a guide for students planning their course selection. Course sequencing is determined by cohort. Courses are offered once a year, therefore the sequence provides directions as to which courses need to be taken during which period (fall/spring/summer). While accurately portraying the information contained in the Catalog, this form is not considered a legal substitute for that document. Students should become familiar with the Catalog in effect at the time in which they enter UCA.
