Lactation Suite

UCA LACTATION SUITE USE GUIDELINES

1. UCA has established several Lactation Suites to support the needs of individuals who may wish to continue breastfeeding while on campus.
2. There is no fee for the use of any Lactation Suite.
3. The Lactation Suites offer several dedicated comfortable, private, quiet spaces for lactating individuals to pump breast milk while on campus. The suites contain comfortable seating, a refrigerator, a microwave, adequate lighting, related reading materials, hand sanitizer, and cleaning supplies.
4. It is the responsibility of everyone using the Lactation Suites to maintain a clean room, ready for the next user. Each user must clean all breast milk and other spills with the cleaning supplies provided.
5. The Lactation Suites are on a first-come, first-serve basis. Please be considerate of others. Users may have access to the Lactation Suites for approximately one hour per visit.
6. Lactating individuals must bring their own pump to and from the Lactation Suites on a daily basis. Pumps should not be stored in the suites.
7. In the event of an urgent situation, disposable breast pads and breast milk storage bags are available. These items are on reserve and should be used only in the event of an extenuating circumstance.
8. UCA is not responsible for securing personal items left in the Lactation Suites against theft or use by others.

Please visit bit.ly/LSuiteCheckIn or scan the QR code to check-in

Your confidential feedback helps us maintain funding for Lactation Suites across campus.
