

# SELF ASSESSMENT

After preference round, you will not have a chance to consult anyone before making your final preferences. Please consider the following questions to help you determine your choices.

1. Are their members interested in the same thing as I am?
2. Are the financial requirements within my means?
3. Do I like their philanthropy? Would I be happy working for it?
4. Does the chapter seem to be open to new ideas and care about individual members?
5. Does the amount of time they require from a member seem reasonable to me with what I wish to do in college?
6. Is there a commitment to academic excellence? Can they help me with my studies?
7. Does the chapter provide an environment that will encourage me to grow, learn new skills, and develop as an educated woman?
