

# What Every Potential New Member (PNM) Needs to Know About Recruitment

- ☆ The College Panhellenic has information available that tells you what to expect during recruitment (schedule, what to wear, etc).
- ☆ It is permissible to ask questions when you do not understand.
- ☆ Some events will have more PNMs in attendance than others, and this is no reflection of the chapter.
- ☆ You must attend all events for which you receive an invitation. Failure to attend an event may jeopardize your ability to receive invitations.
- ☆ Being a legacy of a group does not ensure membership in that group.
- ☆ Accurate financial information regarding membership is given by Panhellenic in a range unless the individual groups provide this information for you.
- ☆ Good scholarship is important to all groups within Panhellenic.
- ☆ All NPC groups, as well as UCA, have policies against hazing.
- ☆ No chapter member may promise or imply the promise of a bid.
- ☆ You are expected to act politely and respectfully when attending an event.
- ☆ You should expect to be treated politely and with respect.
- ☆ Every woman attending a preference event must appear on that sorority's bid list, but this does not ensure an invitation to join that particular sorority because recruitment is a mutual selection process.
- ☆ You must be certain that you understand the Membership Recruitment Acceptance Binding Agreement (MRABA) that you will be expected to sign immediately after attending the last preference event.
- ☆ You may choose not to join a group and therefore not sign the MRABA, but you must notify the Panhellenic advisor of this decision in writing.
- ☆ You may choose to list only one choice on your MRABA or may list all the groups where you attended preference events.
- ☆ You must understand that if you list a group on your MRABA, you are matched to that group, and if you receive an invitation to membership, you are bound to that group for one calendar year.
- ☆ Men and alcohol are not permitted during recruitment or bid day activities.
