Students engage in research and publication opportunities at the undergraduate level that most students don’t have until graduate school.

UCA offers more than eighty (80) undergraduate degree programs, thirty-three (33) master’s degrees, and six (6) doctoral degrees. UCA offers programs of study in five (5) different colleges – the College of Arts, Humanities, and Social Science, the College of Business, the College of Education, the College of Health and Behavioral Sciences, and the College of Natural Sciences and Mathematics. Each college offers different opportunities to learn and grow.

The university’s Honors College is nationally known for its unique, challenging curriculum. The Honors College offers small, discussion-based seminars, close student- faculty relations, funding for travel abroad and internships. UCA Honors College students have a 100 percent acceptance rate to law school.

The mission of the University of Central Arkansas is to maintain the highest academic quality and to ensure that its programs remain current and responsive to the diverse needs of those it serves. The proposals will be evaluated and awarded points based on a comparative formula of relative weighting as detailed below:

Criteria	Weight
Overall experience and demonstrated results. Ability to meet the desired specification as requested in the RFP (qualifications and experience, methodology including technical approach and understanding of the project).	40%
Recommendations. Recommendations and/or references from third parties indicating the respondent’s past performance.	10%

- Schedule presentations of finalist if needed
- Select the vendor

The third phase will be the opening of the cost proposal by the UCA Procurement Department, and review by the evaluation committee appointed by the University of Central Arkansas. The awarding of points will be determined by the following formula:

$a/b \times c = d$ (Dividing lowest price (a) by the next lowest price (b) and multiplying by the total points for cost (c) will equal the number of cost points awarded (d). The effect of the formula is to insure that the lowest proposal receives the maximum number of points and each of the other proposals receive proportionately fewer points based on proposed bid price.
